EXECUTIVE ORDER 9195

REGULATIONS RELATING TO FLIGHTS BY PERSONNEL OF THE ARMY, NAVY, MARINE CORPS, COAST GUARD, AND NATIONAL GUARD

For the purpose of carrying into effect the provisions of section 20 of the act of

Congress approved June 10, 1922, amended by section 6 of the act of July 2, 1926 (44 Stat. 780, 782), and of section 18 of the Pay Readjustment Act of 1942, approved June 16, 1942 (Public Law 607, 77th Congress, 2nd Session), relative to increased pay for personnel of the Army, Navy, Marine Corps, Coast Guard, and National Guard when by orders of competent authority they are required to participate regularly and frequently in aerial flights, and when in consequence of such orders they do participate in regular and frequent flights, the following regulations are hereby promulgated and made applicable to all officers, warrant officers, nurses, and en-listed men of all branches of the Army, Navy, Marine Corps, Coast Guard, and National Guard.

1. Definitions as used in these regula-

(a) The term "qualified aircraft pilot" shall be construed to include any commissioned or warrant officer or enlisted man of any branch of his respective service who on July 2, 1926, held any aeronautical rating as pilot in the Army Air Corps, or who has been or may hereafter be given by competent authority in the respective services an aeronautical designation or rating as an aviator or pilot of service types of aircraft in the Army, Navy, Marine Corps, Coast Guard, or National Guard.

(b) The term "qualified aircraft observer" shall be construed to include any commissioned or warrant officer or enlisted man who has been or may hereafter be given by competent authority in the respective services any aeronautical designation or rating as an observer in the Army, Navy, Marine Corps, Coast Guard, or National Guard.

(c) The term "student aviator" shall

be construed to include any officer or warrant officer in the Navy, Marine Corps, or Coast Guard who is duly appointed and assigned to a course of instruction in plloting aircraft.

(d) The term "student aviation pilot" shall be construed to include any enlisted man in the Navy, Marine Corps, or Coast Guard who is duly appointed and as-

signed to a course of instruction in aircraft pilot duties.

(e) The term "student aviation observer" shall be construed to include any officer, warrant officer, or enlisted man in the Navy, Marine Corps, or Coast Guard who is duly appointed and assigned to a course of instruction in aircraft observer duties.

(f) The term "student naval flight surgeon" shall be construed to include any naval medical officer who is duly appointed and assigned flight instruction leading to the designation of naval flight surgeon.

(g) The term "aerial flight" is defined as a journey in an aircraft. It begins when the aircraft takes off from rest at any point of support and terminates when it next comes to a complete stop

at a point of support.

(h) The term "aviation accident" shall be construed to mean an accident in which an officer, warrant officer, member of the Army Nurse Corps or Navy Nurse Corps (female), or enlisted man who is required to participate regularly and frequently in aerial flights is injured while an occupant of an aircraft or as the result of jumping from, being thrown from, or being struck by, an aircraft or any part or auxiliary thereof, or in which appropriate medical authority of the services attests that injury resulted from participation in duly authorized aerial flights.

(i) The term "Army Air Forces" includes Air Forces units and individuals assigned to duty with defense commands, task forces, base commands, and in theaters of operations.

2. Each officer or warrant officer who is a qualified aircraft pilot and who is not unfit for duties as such, and who is commissioned in the Army Air Corps or on duty with the Army Air Forces, or who is duly assigned to duty in any part of the aeronautic organization of the Navy, Marine Corps, or Coast Guard, including those assigned to special, administrative, or school duties, shall be required to participate regularly and frequently in aerial flights; orders requiring such flights shall be issued by the Commanding General of the Army Air Forces or by such officer or officers as he may designate for the Army, the Chief of Naval Personnel for

the Navy, the Commandant of the Marine Corps for the Marine Corps, or by the Commandant of the Coast Guard for the Coast Guard, and such orders shall remain in force for the entire period of such commission, duty or assignment, except as hereinafter provided in paragraph 12.

3. Each officer or warrant officer who is a qualified aircraft observer, or a qualified aircraft pilot who is unfit for piloting duties, but is fit and desired for other flying duty, and who is commissioned in the Army Air Corps, or on duty with the Army Air Forces, or who is duly assigned to duty in any part of the aeronautic or-ganization of the Navy, Marine Corps or Coast Guard, may be required to participate regularly and frequently in aerial flights; orders requiring such flights shall be issued by the Commanding General of the Army Air Forces or by such officer or officers as he may designate for the Army, the Chief of Naval Personnel for the Navy, the Commandant of the Marine Corps for the Marine Corps, or by the Commandant of the Coast Guard for the Coast Guard, and such orders shall remain in force for the entire period of such commission, duty or assignment, except as hereinafter provided in paragraph 12.

4. Each officer of the Medical Corps of the Army or of the Navy who is duly assigned to duty with any aeronautic headquarters or unit of the Army, Navy, Marine Corps, or Coast Guard, or assigned to duty at a station where there is an aeronautic unit, and who has qualified as a flight surgeon or as an aviation medical examiner may be required to participate regularly and frequently in aerial flights by the Commanding General of the Army Air Forces or by such officer or officers as he may designate for the Army, or by the Chief of Naval Personnel for the Navy and Marine Corps, and any orders for such requirement shall remain in force for the entire period of such assignment, except as hereinafter provided in

paragraph 12.

5. Each officer, warrant officer or enlisted man of the Army who is duly assigned to a course of instruction for qualification as aircraft pilot or aircraft observer, and each officer, warrant officer, or enlisted man of the Navy, Marine Corps, or Coast Guard who is duly appointed a student aviator, a student aviation pilot, a student aviation observer, or a student naval flight surgeon, shall be required to participate regularly and frequently in aerial flights; orders for such requirement shall be issued by the Commanding General of the Army Air Forces or by such officer or officers as he may designate for the Army, the Chief of Naval Personnel for the Navy, the Commandant of the Marine Corps for the Marine Corps, or by the Commandant of the Coast Guard for the Coast Guard, and orders for such requirement shall remain in force for the entire period of his course of instruction, except as hereinafter provided in paragraph 12.

6. Each enlisted man who is on duty with the Army Air Forces or is serving in any part of the aeronautic organization of the Navy, Marine Corps, or Coast Guard, and who is a qualified aircraft pilot or observer, shall be required to participate regularly and frequently in aerial flights by his commanding officer; orders for such requirement shall remain in force for the entire period of such assignment, except as hereinafter provided in paragraph 12; orders for such requirement and their revocation shall be reported to the Commanding General of the Army Air Forces or to such officer or officers as he may designate for the Army, the Chief of Naval Personnel for the Navy, the Commandant of the Marine Corps for the Marine Corps, or to the Commandant of the Coast Guard for the Coast Guard.

7. Each enlisted man who is on duty with the Army Air Forces or is serving in any part of the aeronautic organization of the Navy, Marine Corps, or Coast Guard, and who is not a qualified aircraft pilot or observer, may be required to participate regularly and frequently in aerial flights by his commanding officer, and orders for such requirement shall remain in force for the entire period of such assignment, except as hereinafter provided in paragraph 12; orders for such requirement and their revocation shall be reported to the Commanding General of the Army Air Forces or to such officer or officers as he may designate for the Army, the Chief of Naval Personnel for the Navy, the Commandant of the Marine Corps for the Marine Corps, or the Commandant of the Coast Guard for the Coast Guard.

8. Each officer, warrant officer, member of the Army Nurse Corps or Navy Nurse Corps (female), or enlisted man other than those specified in paragraps 2, 3, 4, 5, 6, and 7, may be required to participate regularly and frequently in aerial flights: orders for such requirement shall be issued by the Commanding General .of the Army Air Forces or by such officer or officers as he may designate for personnel commissioned in the Army Air Corps or on duty with the Army Air Forces, the Secretary of War or such officer or officers as he may designate for other branches of the Army, the Chief of Naval Personnel for the Navy, the Commandant of the Marine Corps for the Marine Corps, or by the Commandant of the Coast Guard for the Coast Guard, and orders for such requirement shall remain in force for the entire period of such assignment, except as hereinafter provided in paragraph 12.

9. Officers, warrant officers, and enlisted men of the National Guard in the active military service of the United States shall be subject to the requirements of paragraphs 2 to 8 hereof, inclusive. Officers, warrant officers, and enlisted men of the National Guard not in the active military service of the United States who come within the following classes will be considered as on duty requiring them to participate regularly and frequently in aerial flights, and no further orders requiring participation regularly and frequently in aerial flights will be required for those enumerated in (a), (b), (c), and (e):

(a) Officers and warrant officers belonging to Army Air Forces organizations of the National Guard who by applicable tables of organization are classified pilots or observers.

(b) Enlisted men belonging to Army Air Forces organizations of the National Guard who by applicable tables of organization are classified as flight chiefs. crew chiefs, or master photographers.

(c) Officers of the Medical Corps attached to Army Air Forces organizations of the National Guard, who by applicable tables of organization are classified as flight surgeons.

(d) In addition to the above, such officers, warrant officers, and enlisted men belonging to or attached to Army Air Forces organizations of the National Guard as may be detailed to such duty by written orders issued by the Senior Army Air Forces Commander of each State: Provided, That the number of additional enlisted men so detailed in any organization shall not exceed ten per centum of the maintenance enlisted strength of such organization including attached personnel.

(e) Officers, warrant officers, and enlisted men, who, under authority of the Secretary of War are in attendance at a course of instruction in aircraft pilot duties, aircraft observer duties, or flight surgeon duties at a service school.

10. For personnel of the Army, Navy, Marine Corps, Coast Guard, or National Guard (when in the active military service of the United States and when participating in exercises or performing duties provided for by sections 94, 97, and 99 of the National Defense Act, as amended), who are required by competent authority to participate regularly and frequently in aerial flights, the following requirements are prescribed: Provided, That any officer, warrant officer, member of the Army Nurse Corps or Navy Nurse Corps (female), or enlisted man who has been required to participate regularly and frequently in aerial flights by orders of competent authority and who as a result of such orders has particlpated regularly and frequently in aerial flights, as defined in this Executive Order, and who subsequently becomes incapacitated for flying by reason of an aviation accident shall not be required to perform such aerial flights during such incapacity for a period not to exceed three months following the date of said accident:

calendar month.

(a) During one 10 or more flights totaling at least three hours, or in lieu thereof to be in the air a total of at least four hours.

consecutive calendar months, when the requirements of subpara g r a p h (a) above have not been met.

(b) During two 20 or more flights totaling at least six hours, or in lieu thereof to be in the air a total of at least eight hours.

consecutive calendar months. when the requirements of subpara g r a p h (b) above have not been met.

(c) During three 30 or more flights totaling at least nine hours, or in lieu thereof to be in the air a total of at least twelve hours.

(d) For fractions of a calendar month the number of aerial flights and the time in the air required shall bear the same ratio to the number of flights and the time in the air required for a full calendar month as the period in question bears to a full calendar month.

(e) For fractions of two consecutive calendar months the period in question shall be considered as a unit and the number of aerial flights and time in the air required shall bear the same ratio to the number of aerial flights and time in the air required for a full calendar month as the period in question bears to

a full calendar month.

(f) Where the commanding officer of any officer, warrant officer or enlisted man who has been required by orders of competent authority to participate in regular and frequent aerial flights certifles that due to military operations of the particular command under combat conditions, such officer, warrant officer or enlisted man was unable to perform the aerial flights required by subparagraph (c) hereof, such officer, warrant officer or enlisted man may comply with the requirements herein prescribed by performing sixty or more flights totaling at least eighteen hours, or, in lieu thereof, being in the air a total of at least twentyfour hours over a period of six consecutive calendar months.

Note: The above requirements for any particular period may be met at any time during such period.

(g) Each officer, warrant officer, or enlisted man who is required by competent authority to participate regularly and frequently in aerial flights and who is a qualified aircraft pilot, and who is fit for duty as such, shall make the flights above required as a pilot, except that an officer, warrant officer, or enlisted man who is both a qualified pilot of lighterthan-air aircraft and a qualified aircraft observer shall make the flights above required either as pilot or as observer as may be directed by competent authority.

(h) Each officer, warrant officer, or enlisted man who is required by competent authority to participate regularly and frequently in aerial flights, and who is a qualified aircraft observer but is not a qualified aircraft pilot shall make the flights above required as observer.

(i) Each officer, warrant officer, member of the Army Nurse Corps or Navy Nurse Corps (female), or enlisted man other than a qualified aircraft pilot or a qualified aircraft observer who is required by competent authority to participate regularly and frequently in aerial flights shall make the flights above required in the capacity directed by the authority issuing the order requiring the flights.

- 11. For each officer, warrant officer, or enlisted man of the National Guard not in the active military service of the United States who is in an armory drill pay status and who is required to participate regularly and frequently in aerial flights the following requirements are prescribed:
- calendar month of any quarterly period.
- consecutive calendar months of quarterly anv period, when the requirements of subparagraph (a) above have not been met.
- consecutive calendar months of quarterly any period when the requirements of subparagraph (b) above have not been met.
- During one 4 or more flights totaling at least 72 minutes, or in lieu thereof to be in the air a total of at least 96 minutes.
- (b) During two 8 or more flights totaling at least 144 minutes, or in lieu thereof to be in the air a total of at least 192 minutes.
- (c) During three 12 or more flights totaling at, least 216 minutes, or in lieu thereof to be in the air a total of at least 288 minutes.
- (d) Such required flights may be made at ordered drills of the Army Air Forces organization to which such officer, warrant officer, or enlisted man belongs or is attached, or at other times when so authorized by the senior Army Air Forces commanding officer of the State.
- (e) For fractions of a calendar month, the number of aerial flights and the time in the air required shall bear the same ratio to the number of flights and the time in the air required for a full calendar month as the period in question bears to the entire month.
- (f) The duties prescribed above shall be in addition to any other duty or duties which may be required of such officers, warrant officers, and enlisted men while in attendance at assemblies for drill and instruction, and while participating in exercises or performing duties provided for by sections 94, 97, and 99 of the National Defense Act, as amended.
- 12. A commanding officer shall suspend from flying any officer, warrant officer, member of the Army Nurse Corps or Navy Nurse Corps (female), or enlisted man under his command who, in his opinion, is unfit for flying, except as a result of an aviation accident. When the suspension is for a minor illness or injury not the result of an aviation accident, the suspension and subsequent revocation thereof may be ordered by the commanding officer of the person concerned without reference to higher authority. In all other cases such action shall be reported with the reasons therefor, for confirmation to the Commanding General of the Army Air Forces or to

such officer or officers as he may designate for personnel commissioned in the Army Air Corps or on duty with the Army Air Forces, the Secretary of War or such officer or officers as he may designate for other branches of the Army or to the officer who issued the order requiring the person concerned to participate regularly and frequently in aerial flights for the Navy, Marine Corps and Coast Guard. The confirmation of such action shall have the effect of suspending the order to participate regularly and frequently in aerial flights as to the person concerned from the date such suspension from flying was made. When any officer, warrant officer, member of the Army Nurse Corps or Navy Nurse Corps (female), or enlisted man so suspended from flying becomes, in the opinion of his commanding officer, again fit for flying, the commanding officer shall revoke such suspension from flying, and such action shall be reported with reasons therefor, for confirmation to the authority who confirmed the suspension from flying. The confirmation of such revocation shall have the effect of terminating the suspension of the person concerned from the date of such revocation by his commanding officer: *Provided*, That in the case of suspension from flying by reason of sickness or injury incurred in line of duty and subsequent removal thereof, such suspension shall be considered as nullifled from its beginning, and the person concerned shall be entitled to increased pay for flying provided the requirements of paragraph 10 above are complied with.

13. Authorized leaves of absence of personnel required by orders of competent authority to participate regularly and frequently in aerial flights shall not suspend such orders for pay purposes.

14. Compliance with the foregoing requirements constitutes participation in regular and frequent aerial flights within the meaning of the act approved July 2, 1926 (44 Stat. 780), and the act approved June 16, 1942 (Public Law 607, 77th Congress, 2nd Session), and no flight pay shall accrue to any person during any period in which the provisions of this order are not complied with: Provided, that nothing herein contained shall affect the flying pay of non-flying officers who perform the number of aerial flights required by any applicable act of Con-

Except for the provisions of section 10 (f) hereof, which shall be effective from and after December 7, 1941, the provisions of this order shall be effective as of June 1, 1942, and shall supersede Executive Order No. 5865 of June 27, 1932, as amended by Executive Order No. 8706 of March 6, 1941.1

AUTHORITY: §§ 727.423 to 727.455, inclusive. are issued under 52 Stat. 47, 48, 65, 66, 202; 53 Stat. 1261, 1262; 54 Stat. 393, 728; 55 Stat. 88; 7 U.S.C. 1940 ed. 1301 et seq.

### GENERAL

§ 727.423 Definitions. (a) As used in these regulations and in all instructions, forms and documents in connection therewith, the words and phrases defined in this section shall have the meanings herein assigned to them unless the context or subject matter otherwise requires.

(1) "Act" means the Agricultural Adjustment Act of 1938 and any amendments thereto.

(2) "Authorized representative of the Secretary" means the Director, Southern Division, in the case of States in the Southern Region and the Director, and the Chief of the Marketing Quota Section. East Central Division, in the case of States in the East Central Region.

(3) "Committee" means a committee within a State, county or community established under the Soil Conservation and Domestic Allotment Act. "County Committee", "Local Committee", or "Community Committee" shall have corresponding meanings in the connection in which they are used.

(4) "County office" means the office of the County Agricultural Conservation Association, or the county or local committees or employees of such association, according to the sense in which such

term is used.

(5) "Dealer" means a person who engages to whatever extent, in the business of acquiring tobacco from producers without regard to whether such person is registered as a dealer with the Bureau of Internal Revenue.

(6) "East Central Region" means the area included in the States of Delaware, Kentucky, Maryland, North Carolina, Tennessee, Virginia and West Virginia.

(7) "Farm" means any tract or tracts of land which are considered as a farm under the provisions of the 1942 Agri-

cultural Conservation Program.
(8) "Field Assistant" means an employee of the Agricultural Adjustment Agency, United States Department of Agriculture, whose duties involve primarily the preparation and handling of auction warehouse and dealer records and reports as they relate to tobacco marketing quotas.

(9) "Floor sweepings" means all tobacco which is dropped on the warehouse floor in the course of the warehouse operations and is picked up by the warehouseman. Any tobacco accumulated in the course of the grading of tobacco for farmers shall not be included

as floor sweepings.

(10) "Market" means the first disposition in raw or processed form of tobacco by voluntary or involuntary sale, barter or exchange, or by gift inter vivos. "Marketing" and "marketed" shall have corresponding meanings to the term "market."

(11) "Nonwarehouse sale" means any marketing of tobacco other than a warehouse sale.

(12) "Operator" means the person who is in charge of the supervision and the conduct of the farming operations on the

entire farm.

(13) "Person" means an individual, partnership, association, corporation, estate, trust, or any agency of a State or of the Federal Government. The term 'person" shall include two or more persons having a joint or common interest.

(14) "Pound" means that amount of tobacco which, if weighed in its unstemmed form and in the condition in which it is usually marketed by producers, would equal one pound standard weight. The weight of redried or prized tobacco shall be increased so as to correspond with the original weight of such tobacco prior to redrying.

(15) "Producer" means a person who, as owner, landlord, tenant, share-cropper, or laborer is entitled to share in the tobacco available for marketing from the farm, or in the proceeds of the marketing, under the provisions of his agreement relating to the production of tobacco.

(16) "Resale" means the disposition by sale, barter, or exchange of tobacco which has been marketed previously.

(17) "Sale day" means the period at the end of which the warehouseman bills to buyers the tobacco so purchased during such period.

(18) "Scrap tobacco" means the residue accumulated in the course of preparing farm tobacco for market consisting chiefly of portions of tobacco leaves and leaves of poor quality.

(19) "Secretary of Agriculture" means the Secretary or Acting Secretary of Agriculture of the United States.

(20) "Southern Region" means the area included in the States of Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, Oklahoma, South Carolina, and Texas.

(21) "State committee or State office" means the group of persons comprising the State Agricultural Conservation Committee appointed by the Secretary of Agriculture to assist within any State in the administration of the Soil Conservation and Domestic Allotment Act or the office of such persons.

(22) "Suspended sale" means any marketing of farm tobacco at a warehouse sale for which a memorandum of sale is not issued by the end of the particular sale day on which such marketing occurred.

(23) "Tobacco" means flue-cured tobacco classified in Service and Regulatory Announcement No. 118 of the Bureau of Agricultural Economics of the United States Department of Agriculture as types 11, 12, 13 and 14, and collectively known as flue-cured tobacco.

(24) "Tobacco available for marketing" means all tobacco produced on a farm in the calendar year 1942 (and any tobacco produced on the farm prior to the calendar year 1942 and carried over to the 1942-43 marketing year) which is not disposed of by a "Tobacco Carry-Over Agreement", by use on the farm, or by

storage prior to the issuance of a mar-

keting card for the farm.
(25) "Trucker" means any person who engages in the business of trucking tobacco to market and selling it for producers regardless of whether the tobacco is acquired from producers by the trucker.

(26) "Warehouseman" means a person engaged in the business of holding sales of tobacco at public auction at a warehouse during the tobacco marketing season.

(27) "Warehouse sale" means a marketing by sale at auction through a warehouse in the regular course of busi-

§ 727.424 Instructions and forms. The Administrator of the Agricultural Conservation and Adjustment Administration shall cause to be prepared and issued such instructions and such forms as may be deemed necessary or expedient for carrying out these regulations.

§ 727.425 Tobacco subject to marketing quotas. Any tobacco marketed during the period July 1, 1942, to June 30, 1943, inclusive, and any tobacco produced in the calendar year 1942 and marketed prior to July 1, 1942, shall be subject to the marketing quotas for the 1942-43 marketing year.

### PARM MARKETING QUOTAS

§ 727.426 Amount of farm marketing quota. The marketing quota for a farm shall be the actual production of tobacco on the farm acreage allotment, as established for the farm in accordance with Part I of the "Marketing Quota Regulations—Flue-cured Tobacco—1942-43 Marketing Year" (Tobacco 603 Part I). The actual production of the farm acreage allotment shall be the average yield per acre of the entire acreage of tobacco harvested on the farm in 1942 times the farm acreage allotment. The excess tobacco on any farm shall be that quantity of tobacco which is equal to the average yield per acre of the entire acreage of tobacco harvested on the farm in 1942 times the number of acres harvested in excess of the farm acreage allotment.

§ 727,427 Issuance of marketing card. A marketing card shall be issued for every farm having tobacco available for marketing. The card shall be issued after information required for its preparation (including measurements of the harvested acreage of tobacco and an estimate of the actual production of tobacco) has been furnished to or obtained by the county office. If the farm operator refuses to furnish or prevents the county office from obtaining such information, the card shall show that all of the tobacco available for marketing from the farm is subject to penalty.

(a) Within Quota Marketing Card (MQ-656 Flue-cured). A "Within Quota Marketing Card" authorizing the marketing without penalty of the actual production of tobacco on the farm in the 1942 calendar year and any tobacco carried over from a prior marketing year shall be issued for a farm unless an excess marketing card is required to be

issued for the farm in accordance with paragraph (b) of this section.

- (b) Excess Marketing Card (MQ-657 Flue-cured). An "Excess Marketing Card" showing the extent to which marketings of tobacco from a farm are subject to penalty shall be issued for a farm under the following conditions:
- (1) If the harvested acreage of to-bacco in 1942 is in excess of the farm acreage allotment and such excess to-bacco is not disposed of in accordance with § 727.428 hereof, or if the operator of the farm also operates another farm on which the harvested acreage of to-bacco in 1942 exceeds the farm acreage allotment and such excess is not disposed of in accordance with § 727.428 hereof.
- (2) If a within quota marketing cardcould be issued for the farm but the county committee determines that a zero percent excess marketing card is necessary to protect the interest of the government and to insure proper identification of and accounting for the disposition of tobacco produced on the farm and the proper use of the marketing card issued for the farm.
- (3) If there is tobacco available for marketing from the farm but no tobacco acreage allotment was established and such tobacco is not disposed of as provided in § 727.428 hereof.
- (4) If information required for preparation of the marketing card is not furnished or the county office is prevented from obtaining the necessary informa-
- (5) If there is tobacco available for marketing from the farm carried over from a prior marketing year and the harvested acreage in 1942 is not less than the 1942 acreage allotment by an amount equivalent to the acreage of carry-over excess determined as provided in paragraph (c) of this section.
- (6) If a farm operated by a publicly owned experiment station produces to-bacco for other than experimental purposes and such tobacco is not disposed of as provided in § 727.428 hereof.
- (c) Extent to which marketings from a farm are subject to penalty. The extent to which marketings of tobacco from any farm having no carry-over tobacco are subject to penalty shall be that percentage of the tobacco available for marketing from the farm which the acreage of tobacco harvested in excess of the farm acreage allotment for the farm and not disposed of as provided in § 727.428 of these regulations, is of the acreage of tobacco harvested from the farm. Each marketing card showing a percentage excess of zero also shall show the maximum number of pounds of tobacco which may be marketed thereunder, which shall be the quantity of tobacco estimated by the county committee to be available for marketing from the 1942 crop produced on the farm. For any excess marketing card which shows a percentage of excess of more than zero, the county committee, if it has reason to believe it to be necessary in order to prevent marketing thereunder of tobacco produced on another

farm, also shall have shown on the card the maximum number of pounds which may be marketed thereunder, such number of pounds to be determined in the same manner as for a card showing zero percent excess. The maximum number of pounds shown on any excess marketing card shall be increased by the county committee if the committee determines that the quantity of tobacco available for marketing from the 1942 crop produced on the farm is greater than the number of pounds previously estimated by the committee to be available for marketing.

The extent to which marketings of tobacco from any farm having tobacco available for marketing which has been carried over from a prior marketing year are subject to penalty shall be the percentage determined as follows:

- (1) Determine the number of "carryover acres" by dividing the number of pounds of tobacco carried over from the prior year by the normal yield for the farm for that year.
- (2) Determine the number of "within quota carry-over acres" by multiplying the "carry-over acres" ((1) above) by the "percent within quota" (i. e., 100 percent minus the percent excess) for the year in which the carry-over tobacco was produced.
- (3) Determine the "total acres" of tobacco by adding the "carry-over acres" ((1) above) and the acreage of tobacco harvested in the current year.
- (4) Determine the excess acreage by subtracting from the "total acres" ((3) above) the sum of the 1942 allotment and the "within quota carry-over acres" ((2) above).
- (5) Determine the percent excess to be shown on the marketing card by dividing the "total acres" into the excess acreage (4 above).
- (d) Number of marketing cards and entries and signatures thereon. One or more marketing cards may be issued for any farm as approved by the county committee. All entries on each marketing card shall be made in accordance with the instructions for issuing the marketing card and the operator's agreement on each marketing card shall be signed by the farm operator or on his behalf by his authorized representative.
- § 727.428 Disposition of excess tobacco. The farm operator may elect to give satisfactory proof of disposition of excess tobacco prior to the marketing of any tobacco from the farm by any of the following methods:
- (a) By executing a "Tobacco Carry-over Agreement," (Tobacco 628) and delivéring, either to the county committee prior to the issuance of the marketing card or to a field assistant at the auction warehouse out of the first proceeds from the marketing of tobacco from the farm, a certified check, cashier's check or post office money order, or by a check drawn by the warehouseman, payable to Commodity Credit Corporation in an amount equal to the estimated actual yield of tobacco from the excess arreage times 85 percent of the parity price of

flue-cured tobacco as of the beginning of the 1942-43 marketing year.

- (b) By storage of the excess tobacco, the tobacco so stored to be representative of the entire 1942 crop produced on the farm, and posting of a bond or making of other arrangements approved by the county committee and an authorized representative of the Secretary which will guarantee payment of the amount of penalty which will become due upon the marketing of excess tobacco.
- (c) By rendering the excess tobacco unmerchantable, the tobacco so rendered unmerchantable to be representative of the entire crop of tobacco produced on the farm in 1942 and the act of rendering the tobacco unmerchantable to be performed only by the farm operator (or his representative) under the supervision of the county committee (or a person designated by the committee).
- § 727.429. Report on marketing card. The operator of each farm on which tobacco is produced in 1942 shall return to the county office each marketing card issued for the farm whenever marketings from the farm are completed and in no event later than thirty days after the close of the tobacco auction markets for the area in which the farm is located. Failure to return the marketing card to the county office within the time specified (after formal notification) shall constitute failure to give proof of disposition of tobacco marketed from the farm in the event that satisfactory proof of such disposition is not furnished otherwise.
- § 727.430 Additional reports by producers and identification of tobacco. In addition to any other reports which may be required under these regulations, the operator of each farm or any other person having an interest in the tobacco grown on the farm (even though the harvested acreage does not exceed the acreage allotment and even though no allotment was established for the farm) shall, upon written request by the Chairman of the State Committee and within ten days after the deposit of such request in the United States mails addressed to such person at his last known address, furnish the Secretary of Agriculture, by sending the same to the Chairman of the State Committee, a written report showing, as to the farm at the time of filing said report (a) the number of acres of tobacco harvested, (b) the total production of tobacco, (c) the amount of tobacco on hand and its location, and (d) as to each lot of tobacco marketed, the name and address of the warehouseman, dealer, or other person to or through whom such tobacco was marketed and the number of pounds marketed, the gross price, and the date of marketing.
- § 727.431 Rights of producers in marketing card. Each producer having a share in the tobacco available for marketing from the farm shall be entitled to the use of the marketing card for marketing his proportionate share of the total amount of tobacco available for marketing from the farm: Provided, That the burden of any penalty with respect to carryover tobacco shall be borne by

those persons having an interest in such

§ 727.432 Successors in interest. Any person who succeeds in whole or in part to the share of a producer in the tobacco available for marketing from the farm shall, to the extent of such succession, have the same rights as the producer to the use of the marketing card for the farm.

§ 727.433 Person authorized to issue cards. The county committee shall designate one person to sign marketing cards for farms in the county as issuing officer. No marketing card shall be signed by the issuing officer until all other entries required to be made thereon have been made, except that the Operator's Agreement therein may be signed after the issuing officer has signed the card, but prior to the issuance of a memorandum of sale from the card. Only one person shall be designated as issuing officer but such person may, subject to the approval of the county committee, designate not more than three persons to sign his name in issuing marketing cards: Provided, That each such person shall place his initials immediately beneath the name of the issuing officer as written by him on the card.

§ 727.434 *Invalid cards.* A marketing card shall be invalid under any of the following conditions:

(a) If it is not issued or delivered in the form and manner prescribed;

(b) If entries are not made thereon as required;

(c) If it is lost, destroyed, stolen, or becomes illegible;

(d) If any erasure has been made;

(e) If any alteration has been made

and not properly initialed; or
(f) If the amount due Commodity
Credit Corporation with respect to a
"Tobacco Carry-over Agreement" is not
paid prior to the issuance of any memorandum of sale.

In the event any marketing card becomes invalid (other than by loss, destruction, theft, omission, alteration, or incorrect entry which can be corrected by a field assistant) the farm operator (or the person having the card in his possession) shall return it to the county office at which it was issued.

If any marketing card is lost, destroyed, stolen, or altered, the person having knowledge of such loss, destruction, theft, or alteration shall notify the county office to that effect, and the county office shall immediately notify the applicable field office.

If any marketing card which was reported as lost, destroyed, stolen, or altered is later received by the county office, the county office shall immediately notify the applicable field office of the receipt of such card.

After receipt of notice of loss, destruction or theft of any marketing card the county office may issue a duplicate marketing card to replace the lost, destroyed, or stolen card in accordance with instructions issued pursuant to these regulations.

э

In the event any marketing card was improperly issued, has been altered, or becomes illegible, upon the return of the card to the county office a new marketing card shall be issued immediately, or as soon thereafter as the necessary information is available.

If any entry is not made on a marketing card as required (either through omission or incorrect entry) and the proper entry is made by a field assistant then such card shall become valid. If the field assistant is unable to make the proper entry, he shall return the card to the county office where it shall be retained until such entry is made, or a new marketing card is issued, as provided above.

§ 727.435 Additional cards and disposition of used cards. Upon the return to the county office of the marketing card after all the memoranda of sale have been issued therefrom and before the marketing of tobacco from the farm has been completed, a new marketing card of the same kind, bearing the same name, information and identification as the used card shall be issued for the farm. Any marketing card issued to replace another card shall have entered thereon the total sales as shown on the marketing card which is replaced.

§ 727.436 Report of probable misuse of marketing card. Any information which causes any field assistant, a member of any local committee, or an employee of the county office to believe that any tobacco which actually was produced on one farm has been or is being marketed under the marketing card issued for another farm shall be reported immediately by such person to the applicable field office and to the State office.

§ 727.437 No transfers. There shall be no transfer of marketing quotas (except as provided in Part I of these regulations) and the tobacco marketed under the marketing card issued for a farm shall consist only of tobacco produced on the farm.

### MARKETING OF TOBACCO AND PENALTIES

§ 727.438 Memorandum of sale to identify every marketing. (a) Each marketing of tobacco from a farm shall be identified by a memorandum of sale issued from the marketing card (MQ-656 Flue-cured or MQ-657 Flue-cured) for the farm but if a memorandum of sale cannot be obtained within four weeks after the date of the marketing of any tobacco at a warehouse sale, such marketing of tobacco shall be subject to penalty and the amount of penalty shall be shown on the memorandum of sale cleared without marketing card (Tobacco 618). The memorandum of sale shall be issued only by a field assistant, with the following exceptions:

(1) A warehouseman, or his authorized representative, who has been authorized on form Tobacco 625, may issue a within quota memorandum of sale to identify a warehouse sale, if a field assistant is not available at the warehouse when the card is presented by the farmer and if no payment to Commodity Credit

Corporation under a "Tobacco Carryover Agreement" is due with respect to the tobacco to be covered by the memorandum. Each memorandum of sale issued by a warehouseman shall be presented promptly by him to the field assistant for verification with the warehouse records.

(2) A dealer operating a recaiving point for scrap tobacco at a redrying plant (and other regular receiving points operated by such dealer or his agents or employees) or at an auction warehouse, and who keeps records showing the information specified in § 727.448 (f), who has been authorized on form Tobacco 625, may issue a within quota memorandum of sale covering a sale of scrap tobacco if the farm operator has signed the "Authorization" on the back of the memorandum of sale and a Bill of Nonwarehouse Sale (Tobacco 614) has been executed to cover such tobacco.

(b) The authorization to issue within quota memoranda of sale under paragraph (a) (1) or (2) above may be withdrawn from any warehouseman or dealer upon written notice by an authorized representative of the Secretary.

(c) Fach excess memorandum of sale, after issuance by a field assistant, shall be checked by the warehouseman or dealer (or his representative) to determine whether the amount of penalty shown thereon to be due has been correctly computed, and the warehouseman or dealer shall be responsible for the correctness of such computations.

(d) If the quantity of tobacco previously identified by memoranda of sale issued from any within quota marketing card is in excess of the number of pounds assigned to the card, the person issuing the memorandum shall require the farm operator to sign the "Operator's Cer-tificate" on the back of the memorandum and if he is satisfied that such signature is the same as the signature of the farm operator on the marketing card. he may issue the memorandum. If any person other than the operator presents the marketing card, the memorandum of sale shall not be issued unless the "Authorization" on the back of such memorandum has been properly executed and signed by the operator. The person who presents the marketing card may sign on behalf of the farm operator except when such memorandum is to be used to cover a sale of "scrap" tobacco, provided that such person places his address immediately beneath his signature. Any person authorized to issue a memorandum of sale under either of the above described circumstances who has reason to believe that the tobacco to be covered by the memorandum was not produced on the farm for which the marketing card containing the memorandum was issued, may or may not issue the memorandum as he considers advisable, but in either event he shall immediately make a written report of the circumstances in the case to the applicable field office for the belt in which the tobacco is sold.

§ 727.439 Bill of nonwarchouse sale. Each marketing of tobacco, except a

warehouse sale, shall be identified by a Bill of Nonwarehouse Sale (Tobacco 614) completely executed by the buyer and the farm operator, except for the entry of the serial number of the memorandum of sale. If the Bill of Nonwarehouse Sale is issued to cover scrap tobacco the word "scrap" shall be written thereon immediately above the words "Bill of Nonwarehouse Sale." The post card copy (Tobacco 614a) shall be mailed by the farm operator not later than the day following the day on which executed. The original of each Bill of Nonwarehouse Sale covering any marketing except scrap tobacco shall be presented to a field assistant for issuance of a memorandum of sale (or a memorandum of sale cleared without marketing card) and for recording in the Dealer's Record Book in case of a purchase by a dealer other than a warehouseman. The original of each such Bill of Nonwarehouse Sale shall be forwarded with the applicable Dealer's Record (Tobacco 615).

The original of each Bill of Nonwarehouse Sale covering scrap tobacco shall be delivered to a person at a receiving point who has been authorized to issue memoranda of sale. Such person may issue the memorandum of sale and enter the serial number of such memorandum on the original of the Bill of Nonwarehouse Sale and forward all such bills with the Record of Scrap Tobacco (Tobacco 613) to the applicable field office.

§ 727.440 Marketings free of penalty. Any tobacco marketed from a farm which is identified by a valid memorandum of sale from the marketing card issued for the farm shall be free of penalty to the extent shown by the memorandum of sale.

§ 727.441 Marketings subject to penalty and collection of penalties—(a) Farm tobacco. With respect to tobacco marketed from farms having excess tobacco available for marketing, the penalty shall be paid upon that proportion of each lot of tobacco which the tobacco available for marketing in excess of the farm quota (at the time of issuance of the marketing card) is of the total amount of tobacco available for marketing from the farm. The memorandum of sale issued to identify such marketing of tobacco shall show that portion of such marketing which is subject to penalty, and any portion of such marketing of tobacco which is not shown by the memorandum as being subject to penalty shall be free of penalty.

(b) Dealer's tobacco. Any marketing of tobacco by a dealer which such dealer represents to be a resale, but all or any part of which, when added to prior resales by such dealer as shown on the Dealer's Record, is in excess of the total amount of purchases as shown on such Dealer's Record shall be a marketing of tobacco subject to penalty unless and until the dealer furnishes proof acceptable to the Secretary showing that such tobacco is not subject to penalty. Any marketing of tobacco by a dealer which such dealer represents to be a resale of tobacco previously purchased by him but which, because of the difference in the price at which such tobacco is resold as compared with the price at which he had purchased the tobacco, cannot reasonably be regarded as tobacco previously purchased by him shall be taken to be a marketing of tobacco subject to penalty.

(c) Tobacco not identified by a valid memorandum. Any marketing of tobacco which is not identified by a valid memorandum of sale shall be subject to penalty.

(d) Liability in case of error on memorandum. The person liable for the payment of the penalty upon any marketing of tobacco shall not be relieved of such liability because of any error which may occur on the memorandum of sale.

§ 727.442 Persons to pay penalty. The person to pay the penalty due on any marketing of excess tobacco shall be one of the following as applicable:

(a) Warehouseman. If the tobacco is marketed by the producer through a warehouseman the penalty shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(b) Dealer. If the tobacco is acquired from the producer by a dealer, the penalty shall be paid by the dealer who may deduct an amount equivalent to the penalty from the price paid to the producer.

(c) Agent. If the tobacco is marketed by the producer through an agent who is not a warehouseman, the penalty shall be paid by the agent, who may deduct an amount equivalent to the penalty from the price paid to the producer.

(d) Warehouseman and dealer on dealer's tobacco. Any penalty due upon tobacco subject to penalty under paragraph (b) of § 727.441 shall be paid by the warehouseman, who may deduct an amount equivalent to the penalty from the price paid to the dealer, but the dealer shall not be relieved of responsibility for payment of such penalty.

(e) Producer marketing outside United States. If the tobacco is marketed by the producer directly to any person outside the United States, the penalty shall be paid by the producer.

§ 727.443 Rate of penalty. The penalty shall be ten cents per pound upon the marketing of any tobacco in excess of the marketing quota for the farm on which the tobacco is produced and on the marketing of any other tobacco not identified under these regulations as being free from penalty.

§ 727.444 Penalty for false identification or failure to account for disposition of tobacco. If any producer falsely identifies or fails to account for disposition of any tobacco, an amount of tobacco equal to the normal yield of the number of acres harvested in 1942 in excess of the farm acreage allotment shall be deemed to have been marketed in excess of the marketing quota for the farm and the penalty in respect thereof shall be paid and remitted by the producer.

§ 727.445 Payment of penalty. Penalties upon the marketing of tobacco shall become due at the time of the marketing

and shall be paid by remitting the amount thereof to the applicable field or State office as shown in the Marketing Quota Instructions, Tobacco 622, not later than the end of the calendar week following the week in which the memorandum of sale was issued, or, in the event a memorandum is not issued, not later than four weeks after the date upon which the tobacco was sold. A draft, money order, or check, payable to the order of the Treasurer of the United States may be used to pay any penalty, but any such draft, or check shall be received subject to payment at par.

§ 727.446 Application for return of penalty. Any producer of tobacco and any other person who bore the burden of the payment of any penalty collected may file an application for return of the amount of such penalty which is in excess of that amount equal to ten cents per pound upon the number of pounds marketed in excess of the farm marketing quota. Any application for return of any penalty shall be filed on form Tobacco 624, "Application for Return of Penalty."

An application for the return of penalty filed by any producer of tobacco on a farm on which the tobacco available for marketing is in excess of the farm marketing quota shall not be approved unless (1) the marketing of tobacco from the farm has been completed and (2) disposition of all unmarketed excess tobacco has been made under the supervision of the county committee (or its representative) and has been approved

by the county committee.

Return of penalty collected upon marketings of tobacco from any farm on which the tobacco available for marketing is in excess of the farm marketing quota shall be made only upon the basis of tobacco produced on the farm and, if the county committee has good cause to believe that any of the unmarketed excess tobacco as reported for the farm by the farm operator was not actually produced thereon, the application for such farm shall not be approved with respect to that tobacco which the committee has good cause to believe was not produced on the farm. The county committee shall approve an Application for Return of Penalty only for that number of pounds of unmarketed excess tobacco which the committee determines is representative of the entire amount of tobacco available for marketing from the farm in the 1942-43 marketing year, taking into account the value of the unmarketed excess tobacco (which is disposed of) as appraised by the county committee (or its representative) and the value of tobacco marketed from the farm.

### RECORDS AND REPORTS

§ 727.447 Warehouseman's records and reports—(a) Record of marketings. Each warehouseman shall keep such records as will enable him to furnish to the Secretary of Agriculture a report of the following information with respect to each sale or resale of tobacco made at his warehouse; (1) the name of the seller (and, in the case of a sale for a producer, the name of the operator of the farm on which the tobacco was produced), (2) the name of the purchaser, (3) the date of sale, (4) the number of pounds sold, (5) the sale price (6) the amount of any penalty and the amount of any deduction on account of penalty from the price paid the producer (or a dealer). All purchases and resales for the warehouse leaf account shall be so identified in the records and a separate account shall be maintained with respect to the amount of floor sweepings picked up and the disposition of such floor sweepings. . The quantity of floor sweepings, including bundles, leaves and scrap, picked up by the warehouse after each sale shall be reported in the space provided on the Auction Warehouse Report (Tobacco 616). Any warehouseman who grades tobacco for farmers shall maintain a separate account showing the approximate amount of grading house scrap obtained from the tobacco graded from each farm. In the case of resales for dealers the name of the dealer making each resale shall be shown on the warehouse records so that the individual lots of tobacco sold by the dealer can be identified.

(b) Identification of sale on check register. The serial number of the memorandum of sale issued to identify each marketing of tobacco from the farm or the number of the warehouse bill(s) covering each such marketing shall be recorded on the check register or check stub for the check written with respect to such sale of tobacco.

(c) Memorandum of sale record and bill of nonwarehouse sale record. A record in the form of a valid memorandum of sale (or a memorandum of sale cleared without marketing card) shall be obtained by every warehouseman to cover each marketing of tobacco from a farm through the warehouse, and if a warehouseman buys tobacco directly from a farmer (other than at a warehouse auction sale as defined in these regulations) such warehouseman shall obtain a valid memorandum of sale to cover each such purchase of tobacco, together with a properly executed BiH of Nonwarehouse Sale (Tobacco 614). Any warehouseman who obtains possession of any grading house scrap in the course of grading tobacco from any farm shall obtain a memorandum of sale to cover the amount

of such scrap tobacco from such farm.

(d) Suspended sale record. Anyware-house bills for which memoranda of sale have not been issued at the end of the sale day shall be presented to a field assistant who shall stamp such bills "suspended", write thereon the serial number of the suspended sale, and record the bills on the Register of Suspended Sales (Tobacco 612); provided that if a field assistant is not available, the warehouseman may stamp such bills "suspended" and deliver them to a field assistant as soon as one is available.

(e) Warehouse entries on dealers' records. Each warehouseman shall enter on each Dealer's Record (Tobacco

615) the total of purchases and recales made by such dealer during each sale day at the warehouse. If any tobacco resold by the dealer is tobacco bought by him from a crop produced prior to 1942 the entry on the Dealer's Record shall clearly show such fact.

(f) Daily report of warehouse business and report of penalties. Each wave-houseman shall make reports on form Tobacco 616, Auction Warehouse Report, and on form Tobacco 617, Report of Penalties, showing the informa-tion required on the respective reports. Form Tobacco 616 shall be prepared for each sale day and all reports for the sale days occurring during any week shall be forwarded to the applicable field office at or before the end of the next following calendar week. Form Tobacco 617 shall be prepared for each week and the report for each week shall be forwarded, together with remittances of the penalties due, as shown thereon, to the applicable field office or State office not later than the end of the next following calendar week.

(g) Summary of warehouse accounts. Each warehouseman shall assist field assistants to prepare summaries of the warehouse account by making available all records kept and reports made by the warehouse as required by these regulations.

(h) Additional records and reports. In addition to the records and reports provided above, each warehouseman shall keep such additional records and make such additional reports to the Secretary of Agriculture as an authorized representative of the Secretary may find necessary in order to enforce these regulations.

§ 727.448 Dealer's records and reports. Each dealer, except as provided in § 727.449 below, shall keep the records and make the reports as provided by this section.

(a) Report of dealer's name, address and registration number. Each dealer shall properly execute and the field assistant shall detach and forward to the applicable field office the page "Receipt for Dealer's Record" contained in form Tobacco 615, "Dealer's Record" which is issued to the dealer.

(b) Record and report of purchases and resales. Each dealer shall keep a record and make reports on form To-bacco 615, "Dealer's Record", showing all purchases and resales of tobacco made by the dealer and, in the event of resale of tobacco bought from a crop produced prior to 1942, the fact that such tobacco was bought by him and carried over from a crop produced prior to 1942.

(c) Report of penalties. Each dealer shall make a report on form Tobacco 617 showing the information with respect to all purchases subject to penalty made by him during each calendar week. The penalties listed on each such report shall be remitted with the report.

(d) Memorandum of sale record and bill of nonwarehouse sale record. For each lot of tobacco purchased from a

farmer each dealer shall obtain a record in the form of a valid memorandum of sale issued by a field assistant or by an authorized representative of a scrap to-bacco receiving point in the case of scrap tobacco sold and delivered to such receiving point. No memorandum of sale shall be issued unless: (1) the farm operator or his authorized agent has signed the "Authorization" on the back of the memorandum and (2) unless a properly executed Bill of Nonwarehouse Sale (Tobacco 614) is presented covering such sale.

(e) Record and report of scrap tobacco. Each scrap tobacco receiving point which has been authorized to issue memoranda of sale on form Tobacco 625 shall keep a record and make reports on form Tobacco 613 (or form 41-Tob-63) "Record of Scrap Tobacco", showing all tobacco received. Such report shall be accompanied by Bills of Nonwarehouse Sale, form Tobacco 614, with respect to all tobacco covered by the report.

(f) Additional records. Each dealer shall keep such records, in addition to the foregoing, as may be necessary to enable him to furnish the following information with respect to each lot of tobacco purchased or sold by him: (1) the name of the seller (and in the case of a purchase from a producer, the name of the operator of the farm on which the tobacco was produced), (2) the name of the purchaser, (3) the date of the transaction, (4) the number of pounds and the green sale price, and (5) in the event of resale of tobacco bought by him and carried over from a crop produced prior to 1942, the fact that such tobacco was so hought and carried over.

All reports shall be forwarded to the applicable field office as shown in the Marketing Quota Instructions, form Tobacco 622, not later than the end of the week following the calendar week covered by the reports.

§ 727.449 Dealers exempt from regular records and reports. Any dealer who does not purchase or otherwise acquire tobacco except at a warehouse sale and who does not resell, in the form in which tobacco ordinarily is sold by farmers, more than ten percent of the tobacco purchased by him, shall not be subject to the provisions of § 727.448 of these regulations; but each such dealer shall make such reports to the Secretary of Agriculture as an authorized representative of the Secretary may find necessary to enforce these regulations.

§ 727.450 Records and reports of truckers, redryers, etc. Every person engaged in the business of trucking tabacca for producers shall keep such records as will enable him to furnish the Secretary of Agriculture a report with respect to each lot of tobacco received by him showing the name and address of the farm operator, the date of the receipt of the tobacco, the number of pounds received and the place to which it was delivered. Every person engaged in the business of

redrying, prizing or stemming tobacco for producers shall keep such records as will enable him to furnish the Secretary of Agriculture a report showing the information provided above for truckers and in addition the purpose for which the tobacco was received, the amount of advance made by him on the tobacco, and the disposition of the tobacco. Each such person shall make such reports to the Secretary of Agriculture as an authorized representative of the Secretary may find necessary to enforce these regulations.

§ 727.451 Separate records and reports from persons engaged in more than one business. Any person who is required to keep any record or make any report as a warehouseman, dealer, processor, or as a person engaged in the business of redrying, prizing, or stemming tobacco for producers, and who is engaged in more than one such business, shall keep such records as will enable him to make separate reports for each such business in which he is engaged, to the same extent for each such business as if he were engaged in no other business, except that a warehousman shall not be required to keep a record and make reports on form Tobacco 615, "Dealer's Record," if the transactions which would be recorded and reported on such forms are recorded on the records kept by the warehouse in its regular course of business and reported as required on form Tobacco 616.

§ 727.452 Failure to keep record or make report. Any warehouseman, processor, or common carrier of tobacco, or person engaged in the business of purchasing tobacco from producers, or person engaged in the business of redrying, prizing or stemming tobacco for producers, who fails to make any report or keep any record as required under these regulations, or who makes any false report or record, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$500; and any tobacco warehouseman or dealer who fails to remedy such violation by making a complete and accurate report or keeping a complete and accurate record as required under these regulations within fifteen days after notice to him of such violation shall be subject to an additional fine of \$100 for each ten thousand pounds of tobacco, or fraction thereof, bought or sold by him after the date of such violation: Provided, That such fine shall not exceed \$5,000; and notice of such violation shall be served upon the tobacco warehouseman or dealer by mailing the same to him by registered mail or by posting the same at an established place of business operated by him, or both. Notice of any violation by a tobacco warehouseman or dealer shall be given by an authorized representative of the Secretary.

§ 727.453 Examination of records and reports. For the purpose of ascertaining the correctness of any report made or record kept, or of obtaining information required to be furnished in any report, but not so furnished, any warehouseman, dealer, processor, common carrier or person engaged in the business of redrying, prizing, or stemming tobacco

for producers shall make available for examination, upon written request by an authorized representative of the Secretary, such books, papers, records, accounts, correspondence, contracts, documents and memoranda as he has reason to believe are relevant and are within the control of such person.

§ 727.454 Length of time records and reports to be kept. Records required to be kept and copies of the reports required to be made by any person under these regulations for the 1942-43 marketing year shall be kept by him until June 30, 1944, and for such longer period of time as may be requested in writing by an authorized representative of the Secretary.

§ 727.455 Information confidential. All data reported to or acquired by the Secretary of Agriculture pursuant to the provisions of these regulations shall be kept confidential by all officers and employees of the Department of Agriculture and only such data so reported or acquired as the Secretary of Agriculture deems relevant shall be disclosed by them and then only in a suit or administrative hearing under Title III of the Act.

Done at Washington, D. C., this 9th day of July 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] GROVER B. HILL,
Acting Secretary of Agriculture.

Subchapter B-Export Control

PROCEDURE TO SECURE SHIPPING SPACE TO THE OTHER AMERICAN REPUBLICS; SHIP-PING PRIORITY RATINGS

PART 808—PROCEDURE TO SECURE SHIPPING SPACE TO THE OTHER AMERICAN REPUBLICS

Sec. Applicability. 808.1 Nonapplicability. 808.3 Space allocation for shipment of material weighing under 2,240 pounds. Initial movement in exportation. 808.4 Application form prescribed. 808.5 Application procedure. 808.6 808.7 Notice permitting movement to port. 8.803 Confirmation of space by ship oper-2.808 Validity of allocation. 808,10 Effective date.

AUTHORITY: §§ 808.1 to 803.10, inclusive, issued under sec. 6, 54 Stat. 714, Public Law 75, 77th Cong., Public Law 638, 77th Cong.; Order No. 3, Delegations of Authority Nos. 25 and 26, 7 F.R. 4951.

§ 808.1 Applicability. The regulations prescribed in this part apply to exportations of all articles and materials set forth in § 801.2 of this subchapter, except as provided in § 808.2, to be made by sea freight under any type of export license to any of the following destinations:

Argentina. Bolivia. Brazil. Chile. Colombia. Costa Rica. Dominican Republic. Ecuador. El Salvador. Guatemala. -Haiti. Honduras. Mexico. Nicaragua. Panama: Paraguay. Peru. Uruguay. Venezuela.

The regulations prescribed in this part are in addition to all other regulations covering exportation.

§ 808.2 Non-applicability. (a) These regulations shall not apply to:

(1) Liquid articles or materials licensed for export to be shipped in bulk by tanker.

(2) Articles and materials to be exported under General License GUS.

(b) §§ 808.5 to 808.7, inclusive, shall not apply to any shipment of any article or material licensed for export when the gross weight of the particular shipment (even though it is a partial shipment of a larger licensed quantity) is less than 2,240 pounds.

§ 808.3 Space allocation for shipment of material weighing under 2,240 pounds. Bookings for shipment of material weighing under 2,240 pounds will be made by the ship operator directly with the

exporter or his agent without the submission of an application or compliance with the procedure set forth in §§ 808.5 to 808.7, inclusive. All such bookings are subject to the control of the War Shipping Administration and the Board of Economic Warfare, who will fix the total amount of space on each ship which will be available for the carriage of such small shipments. Such available space will then be allocated in accordance with the priority ratings fixed by the Export Control Branch, as provided in Part 809 of this subchapter.

§ 808.4 Initial movement in exportation. No shipment of an article or material weighing 2,240 pounds or more for which a license has been issued permitting the exportation thereof and which is located at any place other than the port of exit from the United States shall be moved to such port of exit until the exporter or his agent has received on the prescribed form, notice of tentative freight booking issued by the War Shipping Administration and the Unit Permit Number issued by the Office of Defense Transportation, or such other agency as it may designate. Shipments weighing less than 2,240 pounds may be moved to the port of exit only after receipt of the freight contract from the ship operator, the number of which shall be placed on the bill of lading together with the export license number.

§ 808.5 Application form prescribed. The form for application for shipping space is hereby prescribed:

(6) In the case of general (including in-transit), individual, and unlimited licenses, the description of merchandise shall be stated in the same terms required for description of articles and materials in applications for individual licenses:

§ 808.7 Notice permitting movement to port. Notice of tentative freight booking and the Office of Defense Transportation Unit Permit Number permitting shipment to the port of exit, (except when already at such port, in which cases no permit number will be issued), will be contained in the same document which will be forwarded to the person designated in the application. The subsequent procedure for delivery of this document to the carrier and actual arrangements for shipment to port of exit shall be as prescribed in appropriate regulations of the Office of Defense Transportation and War Shipping Administra-

§ 808.8 Confirmation of space by ship operator. A notice of tentative freight booking is not allocation for a specific ship. The allocation snall become effective only when confirmed by the ship operator to the person to whom the notice was issued, and the allocation may be cancelled, modified or otherwise regulated or controlled by proper authority.

§ 808.9 Validity of allocation. Allocation of space shall be valid only during the life of the export license upon which such allocation was made.

§ 808.10 Effective date. The regulations set forth in this Part 808 shall become effective on July 6, 1942, except \$\ \\$\ 808.3\, 808.4\, 808.7\ and 808.8\ which shall become effective August 1, 1942.

### PART 1171-ELEVATORS

[General Conservation Order L-89]

The fulfillment of the requirements of the War Program of the United States has created a shortage in the supply of certain materials, used in the production of elevators, for the War Program, for

private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the War Program:

§ 1171.1 General Conservation Order L-89—(a) Definitions. For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

persons, whether incorporated or not.

(2) "Elevator" means a hoisting and lowering mechanism equipped with a car or platform which moves in guides in a substantially vertical direction (except hydraulic elevators or elevators to be used aboard ship).

used aboard ship).
(3) "Operation" means the method of

actuating the controller.

(4) "Control" means the system of regulation by which the starting, stopping, direction of motion, acceleration, speed, and retardation of an elevator are governed.

(5) "Rheostatic control" means a system in which control is accomplished primarily by varying resistance and/or reactance in the armature and/or field circuit of the hoisting motor.

(6) "Single speed alternating-current control" means a system of control for a single speed induction elevator motor which is arranged to run at one practi-

cally constant speed.

- (7) "Manufacture" means the production or construction of an elevator, or the production of any parts, equipment or accessories to be attached to or incorporated in any elevator; or the assembly of any parts, equipment or accessories for the purpose of producing or constructing an elevator or any portion thereof; but does not include assembly or installation of the finished sections or portions of an elevator at the site of ultimate use of the elevator, or the production of parts, equipment or accessories by any person who is not engaged in the business of producing, constructing or installing elevators.
- (8) "Restricted order" means any order (i) for an elevator equipped with other than single speed alternating current or direct current rheostatic control, or equipped with other than manually operated doors or gates; or (ii) for changing the method of operation or control of any elevator; or (iii) for parts, equipment or accessories (including hatchway or car doors, gates, cabs, car slings, and platforms) to be incorporated in or installed on any elevator.
- (b) Restrictions on acceptance of orders for and manufacture and delivery of elevators. (1) No person shall hereafter accept, any Restricted Order, or manufacture or deliver any elevator, parts, equipment or accessories in fulfillment of any Restricted Order, unless the Order is accompanied by an authorization by the Director of Industry Operations permitting the placing and acceptance of such Order, in accordance with the provisions of paragraph (c) (1) below.
- (2) Regardless of the terms of any order, contract of sale or purchase, or other commitment, or of any preference rating certificate or blanket preference rating order, no person shall

¹7 F.R. 2348, 4699. ○

¹7 F.R. 4836.

(i) Commence the manufacture of, or deliver any elevator, parts, equipment or accessories in fulfillment of any Restricted Order heretofore received and now on the books but not yet in the process of manufacture, except pursuant to the authorization of the Director of Industry Operations provided for in paragraph (c) (1) below; or

(ii) Continue for more than thirty days from the date of this Order, the manufacture of any elevator, parts, equipment or accessories now in the process of manufacture in the fulfillment of any Restricted Order, except pursuant to the authorization of the Director of Industry Operations provided for in paragraph (c) (2) below.

(3) For the purposes of this paragraph (b) delivery of an elevator or of elevator equipment or accessories shall be deemed to take place when the elevator, equipment, or accessories, or any part or portion thereof, are placed in the hands of a common or contract carrier or other means of transportation for shipment to the purchaser.

(c) Procedure for securing authorization for restricted orders. (1) The authorization from the Director of Industry Operations required by the provisions of paragraph (b) with respect to future Restricted Orders and Restricted Orders now on the books but not yet in the process of manufacture, may be obtained only by the purchaser, who may make application therefor to War Production Board, General Industrial Equipment Branch, on Form PD-411 marked Ref. L-89. The Director of Industry Operations will grant the authorization only if he finds that the failure of the purchaser to receive the elevator, parts, equipment or accessories in question will result in serious detriment to the War Program.

(2) Applications for the authorization of the Director of Industry Operations required by the provisions of paragraph (b) with respect to Restricted Orders now in the process of manufacture, shall be made by the manufacturer as soon as possible after the issuance of this Order. The application shall be accompanied by a report on Form PD-562 showing the manufacturer's unfilled orders of all kinds (except for repair and maintenance) scheduled for delivery during the current and succeeding months, together with information showing the extent of completion of each such order. Such application will be granted by the Director of Industry Operations only if and to the extent that he finds that fabrication or assembly of materials for such order has been accomplished to a substantial degree, that such materials will have no substantial value for any other use, except scrap, and that fulfillment of the order will not be detrimental to the promotion of the War Program.

(d) Restrictions of use of materials. No non-ferrous metals, or stainless or alloy steel may be used in the construction of the car enclosure, hoistway doors. car or landing thresholds, face plates of operating or signal fixtures, or for other than functional parts of the lighting fixtures. No cork or cork products, or rubber tile (reclaimed or otherwise) may be installed on the platform, or as a wain-

scot in the elevator car.

(e) 90-day exemption of Army, Navy and Maritime Commission. Until 90 days after the date of issuance of this order. the provisions of this order shall not apply to orders for any elevators or equipment or accessories by, and for the use of, the Army, Navy, Maritime Commission, or War Shipping Administration to the extent that any applicable specifications of the Army, Navy, Maritime Commission or War Shipping Administration require construction, design or materials not in accordance with the provisions of this order. As used in this paragraph, the terms "Army", "Navy", "Maritime Commission" and "War Shipping Administration" shall not include any privately operated plant or shipyard, financed by or controlled by any of those organizations, or operated on a cost-plus-fixed-fee basis.

(f) Non-applicability to maintenance and repair. The prohibitions and restrictions of paragraph (b) hereof shall not apply to the manufacture of repair or maintenance parts; or to deliveries (1) to fill any order of less than \$500.00 for parts to be used for repair or maintenance of a single elevator, or (2) to fill any order for \$500.00 or more for repair or maintenance parts for a single elevator when and only when there has been an actual breakdown or suspension of the operation of the elevator because of the necessity of repair or maintenance. and the essential repair or maintenance parts therefor are not otherwise available. As used in this paragraph "maintenance" shall mean the upkeep of an elevator or elevator structure in sound working condition; and "repair" shall mean the restoration, without change of design, of any portion of an elevator or elevator structure to sound working condition, when such portion has been rendered inoperative or unsafe or unfit for service by wear and tear, damage, destruction or failure of parts, or other similar causes.

(g) Miscellaneous provisions-(1) Applicability of Priorities Regulation No. 1. This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944) as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(2) Records and reports. All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inven-

tories, production and sales.

All persons affected by this order shall execute and file with the Division of Industry Operations, War Production Board, such reports and questionnaires as said Division shall from time to time request.

Each manufacturer shall file, not later than the 10th day of each month following the month of issuance of this order. a report on Form PD-562 showing his elevator and equipment deliveries (except for repair or maintenance) during the preceding month, and his unfilled or-

### Definitions

§ 1315.151 Definitions. * * *

(ff) "New vehicle" means any unused or rebuilt vehicle, including passenger cars, trucks, tractors, trailers, farm implements, and off-the-road equipment which has not yet been transferred by the manufacturer, rebuilder, or dealer in such vehicles; to the person who will use such vehicle for its intended purpose.

(gg) "Original equipment" means tires or tubes to be mounted on, and which are essential to, the operation of an unused or rebuilt vehicle which has been transferred by the manufacturer, rebuilder, or dealer in such vehicles, to the person who will use such vehicle for its intended purpose

its intended purpose.

(hh) "Implement tire" means a tire that has the word "implement" or the name of a type of farm equipment other than a tractor or combine molded into the sidewall of the tire by the manufacturer.

Tires and Tubes for Vehicles Eligible Under List A

. .

§ 1315.402 Eligibility of List A vehicles for new tires and tubes, retreaded or recapped tires. * * * .

(b) The Board may issue a certificate authorizing the transfer of a new tire to an applicant who satisfies the requirements of paragraphs (c) and (d) of this section if, but only if:

(1) The applicant establishes that the tire for which application is made is to replace a tire which is not capable of being retreaded or recapped, or which cannot be retreaded or recapped for safe use at the speeds at which the applicant may reasonably be expected to operate, or which is to be mounted as original equipment.

(d) (2) (i) Except when the applicant applies for a spare tire, or when the applicant applies for tires and tubes to be mounted as original equipment on an unused or rebuilt vehicle which he has purchased, or contracted to purchase for its intended use, certificates may be granted only for replacement purposes.

(d) (5) (iii) This paragraph (d) (5) does not apply when the applicant can establish to the satisfaction of the Board that he has no tires to turn in because the tires which are to be replaced have been stolen or if the applicant is a governmental agency forbidden by law to make such disposition of Government property, or for any similar reason, or if the applicant purchases a spare for a vehicle which was acquired by him without a spare, or purchases tires as original equipment for a vehicle.

§ 1315.405 Eligibility classification; List A. * * *

*

(g) Tractors, combines and other farm implements if they cannot be adapted to operate without tires and tubes.

(1) Certificates for the purchase of tractor or implement tires only, may be granted to equip tractors or combines. Applicants for other types of farm equipment may be granted certificates for the purchase of implement tires only.

(2) Certificates may be granted under this section either for replacement or for original equipment purposes. If the application is for tires and tubes to be mounted as original equipment, the applicant must submit the vendor's affldavit required by § 1315.601 (b).

(3) The Board shall indicate on Parts A and B of the certificate the type of tires, namely tractor or implement, for which the certificate is being issued.

(i) A dealer who receives a certificate so marked, may sell to the certificate holder only the type of tire called for on Part A of the certificate. The dealer shall write in on Parts C and D of the certificate under the item calling for the description of the tires delivered, the type of tire, whether implement or tractor, which he has sold. He may use the replenishment portion (Part B) of such certificate to replenish his stock either with tractor or implement type tires at his option.

§ 1315.501 Eligibility of List B passenger automobiles for retreaded or recapped tires. * * *

(d) (2) (i) Except when the applicant applies for a spare tire, or when the applicant applies for retreaded or recapped tires and tubes to be mounted as original equipment on an unused or rebuilt vehicle which he has purchased or contracted to purchase for its intended use, certificates may be granted only for replacement purposes.

§ 1315.502 Eligibility of List B Trucks for retreaded or recapped tires. * * *

(c) (2) (i) Except when the applicant applies for a spare tire, or when the applicant applies for retreaded or recapped tires and tubes to be mounted as original equipment on an unused or rebuilt vehicle which he has purchased or contracted to purchase for its intended use, certificates may be granted only for replacement purposes.

§ 1315.503 Eligibility of List A and List B passenger automobiles for new passenger tires of an obsolete type, * * *

(c) (2) That the tire or tube for which application is made is to replace a tire or tube no longer serviceable at the speeds at which the applicant may reasonably be expected to operate, or that the tires and tubes for which application is made are to be mounted on an unused or rebuilt vehicle which the applicant has purchased or contracted to purchase for its intended use.

### Applications for Certificates

§ 1315.601 List A applications for authority to purchase new tires and tubes and retreaded or recapped tires. (a)

(b) Any person who purchases or who contracts to purchase a vehicle to be used for its intended purpose and not for resale, from a manufacturer, rebuilder, or dealer in such vehicles, may apply to a Board for a certificate authorizing the transfer of tires and tubes to be mounted as original equipment on such vehicle prior to taking possession under his contract of purchase. The Board shall not

¹7 F.R. 1027, 1089, 2106, 2107, 2541, 2683, ...

issue a certificate for tires and tubes to be mounted as original equipment unless the applicant submits a satisfactory explanation in affidavit form from the vendor or rebuilder stating the reasons why the vehicle was not fully equipped with tires and tubes when transferred by him to the applicant.

- (1) Among the reasons which may satisfactorily explain the lack of original equipment are the following: That the vehicle or equipment was shipped to him without tires or tubes by order of a governmental agency, or if shipped with tires or tubes that such tires and tubes were removed by order of a governmental agency; that the vendor ordered the vehicle or equipment from its manufacturer without tires and tubes; or that tires and tubes originally on the vehicle were stolen or destroyed without fault of the vendor.
- § 1315.603 List B applications for authority to purchase retreaded or recapped tires or retreading or recapping services. * * *
- (d) Any person who purchases or who contracts to purchase a vehicle to be used for its intended purpose and not for resale, from a manufacturer, rebuilder, or dealer in such vehicles, may apply to a Board for a certificate authorizing the transfer of retreaded or recapped tires and tubes to be mounted as original equipment on such vehicle prior to taking possession under his contract of purchase. The Board shall not issue a certificate for tires and tubes to be mounted as original equipment unless the applicant submits a satisfactory explanation in affidavit form from the vendor or rebuilder stating the reasons why the vehicle was not fully equipped with tires and tubes when transferred by him to the applicant.
- (1) Among the reasons which may satisfactorily explain the lack of original equipment are the following: that the vehicle or equipment was shipped to him without tires or tubes by order of a governmental agency, or if shipped with tires or tubes that such tires and tubes were removed by order of a governmental agency; that the vendor ordered the vehicle or equipment from its manufacturer without tires and tubes; or that tires and tubes originally on the vehicle were stolen or destroyed without fault of the vendor.
- § 1315.608 Allotment by the Board upon applications for List A vehicles.
- (1) Certificates for new implement or tractor tires and tubes which are granted on the basis of an application for original equipment to be mounted on a tractor, combine, or other farm implement eligible under § 1315.405 (g), shall not be charged against the Board's monthly quota.
- Transfers and Deliveries of New Tires and Tubes, Retreaded or Recapped Tires and Camelback
- § 1315.801 Permitted and prohibited transfers of new tires and tubes. * * *
- (b) Restriction on transfers from stocks to vehicles. (1) Except as pro-

- vided in subparagraphs (2) and (3) of this paragraph (b), no person who on December 11, 1941, or at any time thereafter was a retailer, distributor, wholesaler, or manufacturer of new tires or tubes or who manufactured, rebuilt, or dealt in vehicles equipped with tires or tubes may mount any new tire or-tube on any vehicle owned, operated, or controlled by him or may otherwise transfer such tire or tube, unless such person has been issued a certificate by a Board authorizing the transfer of such tire or tube for the vehicle upon which it is to be mounted, or unless he mounts such tire as an agent of a person who owned and physically possessed such tire or tube prior to December 11, 1941, or who has received the tire on certificate. The instructions set forth in §§ 1315.705 and 1315.706 in regard to the certificate should be followed.
- (2) A manufacturer of new tires or tubes may mount new tires and tubes on a vehicle owned by him or otherwise subject to his control which is used exclusively for testing such tires and tubes and not in connection with any other use. The use of tires, tubes and camelback for testing purposes not expressly permitted by this subparagraph (2), may be authorized by the Office of Price Administration, Washington, D. C.
- (3) Any manufacturer of vehicles may mount new tires and tubes on a new vehicle manufactured or assembled by him, as part of the equipment of such vehicle unless he has been prohibited from doing so by general or special instructions of the Director of Priorities or the Director of Industry Operations of the War Production Board.
- (c) Permitted transfers by certain persons. (1) Except as provided in paragraph (b) of this section, any person who on December 11, 1941 was not a retailer, distributor, wholesaler or manufacturer of new tires or tubes or who did not manufacture, rebuild, or deal in vehicles equipped with tires or tubes may transfer any new tires or tubes which were owned and physically possessed by him prior to December 11, 1941 including the placing of such tires or tubes upon the wheel or rim of any vehicle owned or operated by him, provided no change in ownership, possession or control occurs.
  - (f) Other transfers. * * *
- (4) Equipment for new vehicles. Any person may deliver new tires and tubes as part of the equipment of a new vehicle, Provided: (i) That the sale of the new vehicle equipped with new tires and tubes is not prohibited by any order or regulation issued by the Office of Price Administration, the Director of Priorities or the Director of Industry Operations of the War Production Board; (ii) that the new vehicle is not equipped with spares, unless the sale of such vehicle so equipped has been authorized expressly by the War Production Board; and (iii) that the tires and tubes delivered are mounted on such vehicle at the time of its sale and were mounted prior to July 1, 1942, or if mounted after that date, that such mounting was not

prohibited by the Director of Priorities or the Director of Industry Operations of the War Production Board.

- § 1315.802 Permitted and prohibited deliveries of retreaded or recapped tires.
- (b) Restriction on transfer from stocks to vehicles. (1) Except as provided in subparagraph (2) of this paragraph no person who on February 19, 1942, or at any time thereafter engaged in retreading or recapping tires for others, or was otherwise dealing in retreaded or recapped tires or who manufactured, rebuilt or dealt in vehicles equipped with tires may mount any retreaded or recapped tire on any vehicle owned, operated, or controlled by him unless such person has been issued a certificate by a Board authorizing the transfer of such tire or tube for the vehicle upon which it is to be mounted, or unless he mounts such tire as an agent of a person who owned and physically possessed such tire or tube prior to February 19, 1942, or who has received the tire or tube on certificate. The instructions set forth in §§ 1315.705 and 1315.706 in regard to the certificate for retreaded or recapped tires should be followed.
- (2) Any manufacturer of vehicles may mount retreaded or recapped tires on a new vehicle manufactured or assembled by him, as part of the equipment of such vehicle unless he has been prohibited from doing so by general or special instructions of the Director of Priorities or the Director of Industry Operations of the War Production Board.
  - (d) Other deliveries. * * *
- (5) Retreaded tires for new rehicles. Any person may deliver retreaded or recapped tires as part of the equipment of a new vehicle: Provided; (i) That the sale of the new vehicle equipped with retreaded or recapped tires and tubes is not prohibited by any order or regulation issued by the Office of Price Administration, the Director of Priorities, or the Director of Industry Operations of the War Production Board; (ii) that the new vehicle is not equipped with spares unless the sale of such vehicle so equipped has been authorized expressly by the War Production Board; and (iii) that the tires and tubes delivered are mounted on such vehicle at the time of its sale and were mounted prior to July 1, 1942, or if mounted after that date, that such mounting was not prohibited by the Director of Priorities or the Director of Industry Operations of the War Production Board.
- § 1315.804 Transfer of new tires or tubes, retreaded or recapped tires or camelback to certain Governmental Agencies, to manufacturers of new vehicles and for export. (a) * * * *
- (3) For export to and consumption in any foreign country, for government or private account, otherwise than as provided in subparagraph (2) of this paragraph, but only when the exporter has been issued an individual export license for the tires and tubes to be exported.

A statement of the considerations involved in the issuance of this Amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 1499.18 is amended to read as set forth below:

§ 1499.18 Applications for Adjustment. (a) The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum price established under this General Maximum Price Regulation for any seller at retail in any case in which such seller shows:

(1) That such maximum price is abnormally low in relation to the maximum prices of the same or similar commodities established for other sellers at retail; and

(2) That this abnormality subjects him to substantial hardship.

Applications for adjustment under this paragraph (a) shall be filed in accordance with Temporary Procedural Regulation No. 2.3

- (1) That such maximum price causes him substantial hardship and is abnormally low in relation to the maximum prices established for competitive sellers of the same or similar commodities; and
- (2) That establishing for him a maximum price, bearing a normal relation to the maximum prices established for competitive sellers of the same or similar commodities, will not cause or threaten to cause an increase in the level of retail prices.

Applications for adjustment under this paragraph (b) shall be filed in accordance with Procedural Regulation No. 1.8

(c) Any person seeking relief, for which no provision is made in the foregoing paragraphs (a) and (b) of this section, from a maximum price established under this General Maximum Price Regulation may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1 and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this General Maximum Price Regulation to eliminate the danger of inflation.

This section shall apply to all maximum price regulations which have incorporated § 1499.18 in their provisions.

PART 1389—APPAREL
[Maximum Price Regulation 178]
WOMEN'S FUR GARMENTS

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for sales of women's fur garments. Such action is required as the General Maximum Price Regulation does not provide a satisfactory method for the pricing of women's fur garments based on deliveries made in March 1942. So far as practical, the Price Administrator has advised and consulted with members of the industry which will be affected by this Maximum Price Regulation No. 178.

In the judgment of the Price Administrator the maximum prices established by this Maximum Price Regulation No. 178 are and will be generally fair and equitable and will effectuate the purposes of the Act.

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 178 has been issued simultaneously herewith and has been filled with the Division of the Federal Register.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and in accordance with Procedural Regulation No. 1² issued by the Office of Price Administration, Maximum Price Regulation No. 178 is hereby issued.

Sec. 1389.151 Prohibition against sales of women's fur garments above maximum prices.

1389.152 Maximum prices for sales of women's fur garments by wholesalers and rotallers.

1389.153 Maximum prices for cales of women's fur garments by a manufacturer.

(c) As to retailers. (1) A record of the cost to the seller of each woman's fur garment and the percentage markup.

- (2) All records showing the maximum price charged for each category of woman's fur garment during the months of July to December, 1941, inclusive, and the percentage markup received by the seller for each classification of garment for each type of skin.
- § 1389.161 Reports. (a) On or before August 15, 1942, every manufacturer of women's fur garments shall submit to the Office of Price Administration at Washington, D. C., in the detail required by the form to be furnished by the Office of Price Administration a statement showing:
- (1) the maximum price received for the sale of each category of women's fur garments during the months of June, July and August, 1941;
- (2) the percentage margin over cost received for each classification of garment of each kind of skin sold during June, July and August, 1941.
- (b) There shall also be submitted to the Office of Price Administration such other reports as it may from time to time require.
- § 1389.162 Evasion. (a) The price limitations set forth in this Maximum Price Regulation No. 178 shall not be evaded whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to any women's fur garment, alone or in conjunction with any other commodity, or by way of commission, service, transportation or other privilege, or by tying agreement or other trade understanding, or otherwise.
- (b) Specifically, but not by way of limitation, it is forbidden for any seller to, for the purpose of evading the price limitations set forth in this Maximum Price Regulation No. 178, sell, purchase, deliver, contract, deal or otherwise operate with or through any other person under common control with, controlled by, controlling, or otherwise affiliated with the seller.
- § 1389.163 Enforcement. (a) Persons violating any provision of this Maximum Price Regulation No. 178 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

- (b) Persons who have evidence of any violation of this Maximum Price Regulation No. 178 or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest district, state, field or regional office of the Office of Price Administration or its principal office in Washington, D. C.
- § 1389.164 Petitions for amendment. Persons seeking any modification of this Maximum Price Regulation No. 178 or an adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1 sesued by the Office of Price Administration.
- § 1389.165 Definitions. (a) When used in this Maximum Price Regulation No. 178 the term:
- (1) "Women's fur garments" shall include all women's and misses' fur jackets, strollers, coats, capes, wraps, muffs, scarfs, and stolls:
- scarfs, and stolls;
  (2). The separate classifications of women's fur garments shall be as follows:
- (i) Jackets and capes up to 26 inches in length;
- (ii) Strollers, capes and wraps from 32 inches in length up to, but not including, 36 inches in length;
- (iii) Coats, capes and wraps 36 inches in length or longer;
  - (iv) Muffs;
  - (v) Scarfs;
  - (vi) Stolls;
- (3) "Category of women's fur garment" means each different type within each classification of women's fur garment, as defined in (2) above, for which price differentials have customarily been established. Such separate categories shall include, but not by way of limitation, the following:
- (i) "Kind of skin," which means the animal from which the pelt was taken;
   e. g., rabbit, muskrat, mink, beaver, red fox, silver fox, etc.;
- (ii) Geographical differences in origin of fur; e. g., southern muskrats, Michlgan muskrats, etc.;
- (iii) Size ranges, as enumerated in Appendix A. § 1389.167;

- (v) Parts of skin used; e. g., bellies, backs, paws, tails, pieces, etc.;
- (vi) Methods of manufacturing; e. g., "let out," skin to skin, plates, etc.
- (4) "Retailer" means a person who sells at retail except a manufacturer who sells at retail;
- (5) A "sale at retail" or "selling at retail" means a sale or selling to an ultimate consumer;
- (6) "Wholesaler" means a person who sells at wholesale;
- (7) A "sale at wholesale" means a sale by a person who receives delivery of a women's fur garment and resells it, without substantially changing it's form, to

- any person other than the ultimate consumer;
- . (8) "Cost to the seller" means the price paid by the seller for the woman's fur garment, but which shall in no event be higher than the maximum price permitted to be charged by this Maximum Price Regulation No. 178 or any other price regulation which may hereafter be issued:
- (9) "Percentage markup" shall be determined by the following procedure:
- (i) From the total of all the selling prices at which each separate purchase of each classification of garment of each kind of skin was first offered for sale during the applicable base period, there shall be subtracted:
- (ii) The total of the cost to the seller of those garments, and
- (iii) The remainder thus obtained shall be divided by the total of the selling prices as determined in (i) of this paragraph;
- (10) "Manufacturer" shall include any person who fabricates a woman's fur garment from skins owned by him;
- (11) "Applicable base period" shall mean, as to manufacturers and whole-salers, June, July and August, 1941, inclusive, and as to retailers, July to December, 1941, inclusive;
- (12) "Direct cost of garment to manufacture" shall mean the sum of (i) the actual cost of the skins and the trimmings, but which shall in no event exceed the maximum price permitted to be charged by the seller under the General Maximum Price Regulation* or any other applicable price regulation, and (ii) direct labor cost, which shall be computed on the basis of wage rates paid in the month of March 1942, or if wages were not paid, then the prevailing wage rates in the industry at that time, plus any increase subsequent thereto pursuant to a collective bargaining contract or other wage agreement, which contract was entered into on or before April 27, 1942, and provides for an unconditional increase in wage rates of a fixed amount or percentage;
- (13) "Same percentage margin over cost" is determined by subtracting the total direct cost of all the garments of the same classification and type of skin from the total of their selling prices and dividing the resultant figure by the total of the direct cost;
- (14) "Special sizes" shall include all sizes over 44 and all garments specially manufactured on individual orders at measurements which differ from the normal sizes and require additional materials.
- (b) Unless the context otherwise requires, the definitions set forth in § 1499.20 of the General Maximum Price Regulation of and the definitions set forth in Section 302 of the Emergency Price Control Act of 1942 shall apply to the terms used herein.
- § 1389.166 Effective date. This Maximum Price Regulation No. 178 (§§1389.151

### TITLE 33—NAVIGATION AND NAVI-GABLE WATERS

Chapter I—Coast Guard, Department of the Navy

PART 6-ANCHORAGE REGULATIONS

REGULATIONS FOR CONTROL OF VESSELS IN TERRITORIAL WATERS OF THE UNITED STATES

LOWER DETROIT RIVER, MICHIGAN

Pursuant to the authority contained in section 1, Title II of the Espionage Act, approved June 15, 1917, 40 Stat. 220 (U.S.C. title 50, sec. 191), as amended by the Act of November 15, 1941 (Public Law 292, 77th Congress), and by virtue of the Proclamation and Executive Order issued June 27, 1940 (5 F.R. 2419) and November 1, 1941 (6 F.R. 5581), respectively, the regulations relating to the control of vessels in the territorial waters of the United States (5 F.R. 2442), as amended, are hereby further amended as follows:

Section 6.1, which reaffirmed and continued in force all existing rules and regulations of any department, agency or instrumentality of the United States governing anchorage and movements of vessels in the territorial waters of the United States, is amended by changing Rule 2 of the regulations governing the navigation of the Lower Detroit River, Michigan, promulgated by the Secretary of War (Code of Federal Regulations, Title 33, § 207.540) to read as follows:

Rule 2. Downbound freight vessels of 100 gross tons or over or tugs regularly engaged in commercial towing shall pass through the Livingston Channel as far as the Detroit River Light. Deep laden vessels shall enter Lake Erie through the 1,200 foot channel passing east of the

lighthouse, while light draft vessels and moderately laden vessels may enter Lake Erie through the old downbound channel west of the light.

All downbound craft of less than 100 gross tons, except tugs regularly engaged in commercial towing, and all passenger or excursion vessels regardless of size, shall pass through the Amhersburg Channel.

All upbound vessels shall enter the Detroit River via the Channel east of the Detroit River Lighthouse and pass through the Amherstburg Channel.

James Forrestal,
Acting Secretary of the Navy.

PART 7—ANCHORAGE AND MOVEMENTS OF VESSELS AND THE LADING AND DISCHARG-ING OF EXPLOSIVE OR INFLAMMABLE MATERIAL, OR OTHER DANGEROUS CARGO

### MISCELLANEOUS AMENDMENTS

Pursuant to the authority contained in section 1, Title II of the Act of June 15, 1917, 40 Stat. 220 (50 U.S.C. 191), as amended by the Act of November 15, 1941 (Public Law 292, 77th Congress), and by virtue of the Proclamation and Executive order issued June 27, 1940 (5 F.R. 2419) and November 1, 1941 (6 F.R. 5581), respectively, the Rules and Regulations Governing the Anchorage and Movements of Vessels and the Lading and Discharging of Explosive or Inflammable Material, or Other Dangerous Cargo, approved October 29, 1940 (5 F.R. 4401), as amended, are hereby further amended as follows:

Section 7.5 (b) is amended by adding the following subparagraph:

§ 7.5 General rules and regulations.

_(b) * * (15) Whenever the Captain of the Port finds that the movement of any vessel through or into any part of local waters, as defined in § 9.1 of this chapter (6 F.R. 5342), as amended, would endanger such vessel or any other vessel, or would be inimical to the maritime interests of the United States, or the national war effort, by reason of dangerous navigation conditions within those waters, or by reason of conditions on such a vessel, including but not limited to, fire hazards, unseaworthy condition of the hull, or unsafe machinery, the Captain of the Port may prevent such a vessel from proceeding through or into such waters until the unsatisfactory condition or conditions so found are corrected, and he may, in the case of a like finding, after any vessel has entered such waters, compel the anchoring, mooring, or removal of such vessel from such waters.

Section 7.10 (d), which reaffirmed and continued in force the rules and regulations governing the movement and anchorage of vessels and rafts in the St.

Mary's River from Point Iroquois on Lake Superior to Point Detour on Lake Huron, except the waters of the St. Mary's Falls Canal (Code of Federal Regulations, Title 33, Parts 207 and 323), is amended by changing Rule 19 to read as follows:

§ 7.10 Anchorage regulations for certain ports of the United States.

Rule 19. When both the Middle Neebish Channel and the West Neebish Channel are available to traffic, vessels of 100 gross tons or over shall pass upbound through the Middle Neebish Channel and downbound through the West Neebish Channel. Vessels over the prescribed tonnage making regular local stops in either of those channels may run counter to the general traffic direction only on written permit issued by the Captain of the Port, for such terms and under such conditions of renewal or revocation as he may prescribe. A vessel thus running counter to general traffic shall keep off the channel range when an approaching vessel is on or entering that range.

ing vessel is on or entering that range.

West Neebish Channel shall be closed to all small craft of less than 100 gross tons, except that owned or operated by the United States of America or the Dominion of Canada and/or tugs regularly engaged in commercial towing. All such traffic, either upbound or downbound, shall use the Middle Neebish Channel under the provisions of the Rules and Regulations Relating to Anchorage and Navigation in the St. Mary's River, as hereby amended.

The following new section is inserted:

§ 7.10 (e) Special regulations for navigating the channels in Lake St. Clair, Michigan. Small craft of less than 100 gross tons, except tugs regularly engaged in commercial towing, shall not approach closer than 1000 feet to a cargo vessel of over 100 gross tons in the channels in Lake St. Clair between the southerly end of the dike at the St. Clair Flats Canal and Peach Island Light at the head of the Detroit River.

James Forrestal, Acting Secretary of the Navy.

Bituminous Coal Division.

[Docket No. B-209]

HARRY NICELOW

CEASE AND DESIST ORDER, ETC.

Order approving and adopting the proposed findings of fact, proposed conclusions of law of the Examiner, and cease and desist order.

This proceeding was instituted upon a complaint duly filed with the Bituminous Coal Division on February 10, 1942, by District Board No. 1. The complaint alleged that code member had wilfully violated the Bituminous Coal Code or the rules and regulations thereunder, and prayed that the Division either cancel and revolve the code membership, or, in its discretion, direct the code member to cease and desist from violation of the Code and rules and regulations thereunder.

A hearing was held on March 25, 1942, before Joseph A. Huston, a duly designated Examiner of the Division at the hearing room thereof at Altoona, Pennsylvania. All interested persons were afforded an opportunity to be present, adduce evidence, cross examine witnesses and otherwise be heard. District Board 1 appeared. Code member appeared without counsel.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusion of Law and Recommendation in this matter, dated May 28. 1942, in which he found that code member wilfully violated the provisions of section 4 II (e) of the Act by salling during the period of October 1, 1940, to April 1, 1941, 146 tons of mine run coal produced at the Nicklow Mine, Mine Index No. 1844, located in Somerset County, Pennsylvania, at a price of \$1.75 per ton, whereas the effective minimum price for that particular coal was \$2.10 per ton f. o. b. the mine. He recommended that an order be entered cancelling and revoking the code membership of said Harry Nicklow, and providing that prior to the reinstatement to membership in the Code, said Harry Nicklow shall pay to the United States a tax in the sum of \$119.58 in accordance with the provisions of section 5 (c) of the Act.

An opportunity was afforded to all parties to file exceptions and supporting

briefs to the said Examiner's Report and no such exceptions or supporting briefs have been filed.

The undersigned has considered the record in this matter and has determined that the proposed findings of fact and proposed conclusion of law of the Examiner should be approved and adopted as his findings of fact and conclusion of law. The undersigned feels, however, that the effectuation of the purposes of the Act will be accomplished in this matter by the entry of a cease and desist order, and hence does not adopt the recommendation of the Examiner that an order be entered revoking and cancelling the code membership of Harry Nicklow.

Now, therefore, it is ordered. That the proposed findings of fact and proposed conclusion of law of the Examiner be, and the same hereby are approved and adopted as the findings of fact and conclusion of law of the undersigned.

It is further ordered, That the code member, Harry Nicklow, his representatives, agents, servants, employees, attorneys, heirs, administrators, successors or assigns, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the effective minimum price therefor, or from otherwise violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, the Marketing Rules and Regulations, and all appropriate orders of the Division.

It is further ordered, That the Division may, upon failure of code member herein to comply with this order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit wherein the code member resides or carries on business for the enforcement hereof or take any other appropriate action.

Dated: July 8, 1942.

[Docket No. 1791-FD]

A. C. (CLYDE) ROUNSAVILL

CEASE AND DESIST ORDER, ETC.

Order approving and adopting proposed findings of fact, proposed conclusions of law and recommendation of the Examiner, and order to cease and desist.

This proceeding was instituted upon a complaint filed on July 25, 1941 by the Bituminous Coal Producers Board for District No. 13 with the Bituminous Coal Division, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937. The complaint alleges that A. C. (Clyde) Rounsavill, a code member in District No. 13, wilfully violated the Bituminous Coal Code and the rules and regulations thereunder, and prays that the Division either cancel and revoke the code membership of A. C. (Clyde) Rounsavill, or, in its discretion, direct him to cease and desist from violations

of the Code and rules and regulations thereunder. After due notice to interested persons, a hearing in this matter was held on February 18, 1942, hefore Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Chattanooga, Tennessee.¹ All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Appearances were entered by complainant and by code member.

Examiner Dahlquist submitted, on June 4, 1942, his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation. The Examiner found that acceptance of the Bituminous Coal Code by A. C. (Clyde) Rounsavill, Jasper, Tennessee, was received by the Bituminous Coal Division on July 8, 1940. At that time code member was operating the Rounsavill Mine, Mine Index No. 895. This mine, which was assigned minimum prices for truck coal in Docket No. A-205 (November 25, 1940), was located on one side of Big Ridge, Marion County, Tennessee, on a strip of ground rented by code member.

The Examiner stated that this strip of ground was about 300 feet in width and extended a half mile through the hill to the other side of Big Ridge. Around March 1941 code member ran into a squeeze; and at the end of that month, or during the early part of April 1941, according to Examiner Dahlquist, code member began prospecting on the other side of the hill in order indirectly to get around, rather than drive directly through the squeeze pinching the original entry. The Examiner found that code member drove the second entry on the same 300 foot strip of ground and that, without pulling up the tracks at the first opening but no longer mining there, code member worked the new opening from about May 14, 1941, through August 1, 1941. The utmost depth to which code member drove the new mine was 35 feet; the coal so produced was soft and stained, described by Rounsavill as "outcrop coal."

The Examiner found that during the month of May 1941, as charged by complainant, Rounsaviil sold about 174.06 tons of mine run coal produced at the second opening to H. A. Griffith, a registered distributor, Registration No. 3730. It was further found by the Examiner that code member did not report to the Division the termination or suspension of operations on the other side of Big Ridge, nor the commencement of operations at the new opening.

Code member asserted that the driving of the second entry did not constitute the opening of a new mine but was simply a continuation or part of his operation of Mine Index No. 895. In reply to this contention, Examiner Dahlquist referred to the fact that there was no

evidence in the record to show that the coal which code member had been obtaining from the second opening was of the same quality and texture as that obtained from the original mine. The Examiner furthermore was of the opinion that the "distinct independence of the two mines" was confirmed by the establishment by the Division in October 1941 of separate price classifications and minimum prices for the second opening, which was designated Mine Index No. 1264.

Examiner Dahlquist pointed out that code member's position was not strengthened by his claim that the second opening was still part of the original mine. Run of mine coal produced at Mine Index No. 895 bore a minimum price of \$2.35 per ton f. o. b. the mine, as provided in the Schedule of Effective Minimum Prices for District No. 13 for Truck Shipments. To this, as required by Price Instruction No. 7, was to be added to the actual cost of transportation in the event that the producer provided transportation of the coal to the consumer. The Examiner found that Rounsavill had sold the May output of the second mine to H. A. Griffith at a price of \$2.10 per ton as delivered by code member to a purchaser from Griffith and that code member allowed Griffith a distributor's discount of 10 cents per ton. Code member thus had been selling coal far below the minimum price established for Mine Index No. 895 even if such price was applicable to coal produced at Mine Index No. 1264. The Examiner said "I am not persuaded that code member establishes his innocence of the charge of selling unpriced coal by asserting instead that he is guilty of selling coal below the established min-

The Examiner concluded that code member had violated the Order in General Docket No. 19 and Order No. 288 by selling, during May 1941, 174,06 tons of mine run coal produced at a mine for which price classifications and minimum prices had not yet been established, and by failing to report to the Division the change in operations at his Rounsavill Mine No. 1 that occurred in May 1941. The Examiner recommended that an order be entered requiring code member to cease and desist from further violations of the Code and rules and regulations thereunder.

An opportunity was offered to all parties to file exceptions to the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation of the Examiner, and supporting briefs. No exceptions or supporting briefs have been filed.

The undersigned has determined that the proposed findings of fact and proposed conclusions of law of the Examiner in this matter should be approved and adopted as the findings of fact and conclusions of law of the undersigned.

Now, therefore, it is ordered, That the said proposed findings of fact and proposed conclusions of law of the Examiner be, and they hereby are, approved and adopted as the findings of fact and conclusions of law of the undersigned.

¹A petition to intervene, dated September 11, 1941, filed by the Truck Coal Mines Association of Chattanooga, Tennessee, was denied by the Division on October 6, 1941, since petitioner was not a proper party inter-

It is further ordered, That A. C. (Clyde) Rounsavill, code member, his representatives, agents, servants, employees, attorneys, successors or assigns, and all other persons acting or claiming to act in his behalf, cease and desist and they are hereby enjoined and restrained from violations of the Bituminous Coal Act of 1937, the Bituminous Coal Code and rules and regulations made thereunder and, in particular, the Order in General Docket No. 19 and Order No. 288.

It is further ordered, That upon failure or neglect of code member to comply with this Order, the Division may forthwith apply to the Circuit Court of Appeals of the United States where said code member resides or carries on business for the enforcement thereof, or may take any other appropriate action.

MILLER, HENRY AND HENRY

CRASE AND DESIST ORDER, ETC.

Order approving and adopting the proposed findings of fact, proposed conclusions of law of the Examiner, and cease and desist order.

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on February 10, 1942, by District Board No. 1. The complaint alleged that code member had wilfully violated the Bituminous Coal Code or the rules and regulations thereunder, and prayed that the Division either cancel and revoke the code membership, or, in its discretion, direct the code member to cease and desist from violation of the Code and rules and regulations thereunder.

A hearing was held in this matter on March 26, 1942 before Joseph A. Huston, a duly designated Examiner of the Division at the hearing room thereof at Altoona, Pennsylvania. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. District Board 1 appeared and code member appeared without counsel.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusion of Law and Recommendation in this matter, dated May 29. 1942, and found that code member violated Section 4 II (e) of the Act by selling during the period of November 28, 1940 to July 31, 1941, 648 tons of run of mine coal produced at the code member's mine, Mine Index No. 2618, located in Somerset County, Pennsylvania, in District No. 1, at a price of \$1.75 per ton, whereas the effective minimum price for said coal was \$2.25 per ton f. o. b. the mine. The Examiner recommended that an order be entered cancelling and revoking the code membership of Earl Miller, Clyde Henry and Harry Henry individually and as co-partners doing business under the name and style of Miller, Henry and Henry, and providing that prior to any reinstatement to membership in the Code of this code member there shall be paid to the United States a tax in the sum of \$568.62 in accordance with the provision of section 5 (c) of the Act.

An opportunity was afforded to all parties to file exceptions and supporting briefs to the said Examiner's Report and no such exceptions or supporting briefs have been filed.

The undersigned has considered the records in this matter and has determined that the proposed findings of fact and proposed conclusion of law of the Examiner should be approved and adopted as his findings of fact and conclusion of law. The undersigned feels, however, that the purposes of the Act will be served by the entry in this matter of a cease and desist order, and hence does not adopt the recommendation of the Examiner that an order be entered revoking and cancelling the code membership of the code members here involved.

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusion of law of the Examiner be, and the same hereby are approved and adopted as the findings of fact and conclusion of law of the undersigned; and

It is further ordered, That Earl Miller, Clyde Henry and Harry Henry individually and as co-partners doing business under the name and style of Miller, Henry and Henry, code member, its representatives, agents, servants, employees, attorneys, heirs, administrators, successors or assigns, cease and desist and hereby are permanently enjoined and restrained from selling or offering to sell coal below the effective minimum price therefor, or from otherwise violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District No. 1 For Truck Shipments, the Marketing Rules and Regulations, and all appropriate orders of the Divi-

It is further ordered, That the Division may, upon failure of the code members herein to comply with this order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit where they reside or carry on business for the enforcement hereof or take any other appropriate action. WHEELING VALLEY COAL CORPORATION, ET AL.

MEMORANDUM OPINION AND ORDER REOPEN-ING CAUSE

In the matter of the petition of Wheeling Valley Corporation, Cove Hill Coal Company, and the Buffalo Coal and Coke Company, code members in District No. 6, for a reduction in the effective minimum prices for ex-river shipments into market areas 11, 12 and 13, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

This proceeding was instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bliuminous Coal Act of 1937, by Wheeling Valley Coal Corporation, the Cove Hill Coal Company, and Buffalo Coal and Coke Company, code member producers in District 6, requesting reductions in the effective minimum prices for coals shipped ex-river into Market Areas 11, 12, and 13. District Boards 1, 2, 4 and 6 filed petitions of intervention. The Bituminous Coal Consumers' Counsel filed a notice of appearance.

Pursuant to Orders of the Director and after due notice to all interested persons, a hearing in this matter was held before Charles O. Fowler, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine winesses and otherwise be heard. The preparation and filing of a report by the Examiner was waived.

On September 29, 1941, the Director issued his Findings of Facts. Conclusions of Law and Opinion and an Order denying the prayers for relief contained in the petition.

On November 27, 1941, petitioners filed a petition with the Circuit Court of Appeals for the Fourth Circuit asking that the Director's Order of September 29, 1941 be reviewed and that upon review it be reversed.

Prior to the cause being argued upon the petition for review, petitioners filed a motion for leave to apply to the Division to reopen the cause and for other relief and stating that if the cause were reopened before the Division, the petitioners would take steps to dismiss their appeal. A memorandum in opposition to the unrestricted approval of this motion was filed by District Boards 2, 3, and The restricted approval contended for by these district boards was opposed by the Division at the argument before the court on June 15, 1942. On June 16, 1942, the court issued an order granting the motion of petitioners without restriction and authorizing petitioners to apply to the Division to reopen the cause.

On June 24, 1942, petitioners filed a motion requesting that the cause be reopened and permission be granted petitioners to amend their petition of November 8, 1940 so as to include therein an additional and alternative request for relief.

Upon consideration of the motion, I find and conclude that the motion to reopen the cause and amend the petition of November 8, 1940, should be granted.

Now, therefore, it is ordered, That the motion to reopen the cause in Docket No. A-341 be, and it is hereby, granted and leave is granted petitioner to file an amended petition.

### DEPARTMENT OF LABOR.

Division of Public Contracts.

PREVAILING MINIMUM WAGES IN THE KNITTING, KNITWEAR, AND WOVEN UN-DERWEAR INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas, the Secretary of Labor on February 3, 1942, pursuant to the provisions of section 1 (b) of the Act of June 30, 1936, (49 Stat. 2036; 41 U.S.C. Supp. III, sec. 35), otherwise known as the Walsh-Healey Public Contracts Act, determined the prevailing minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to said Act in the Knitted and Men's Woven Underwear and Commercial Knitting Industry to be 40 cents per hour or \$16.00 per week of 40 hours arrived at either upon a time or piece rate basis; and

Whereas, it appears desirable to extend the aforementioned determination to certain related products such as knitted outerwear, and to change the title of the determination to conform to the new

definition: and

Whereas, it appears that substantially every article included in the Knitting, Knitwear, and Woven Underwear Industry, as defined herein, is covered by a wage order of the Administrator of the Wage and Hour Division for one of the following industries or divisions of industries:

 Sportswear and Other Odd Outerwear Division of the Apparel Industry;

2. Cloaks, Suits, and Separate Skirts Division of the Apparel Industry,

3. Caps and Cloth Hats Division of the Apparel Industry,

4. Belts Division of the Apparel Industry.

5. Knitted Outerwear Industry,

6. Women's Apparel Industry,

7. Single Pants, Shirts, and Allied Garments Industry,

8. Woolen Industry,

 Knitted and Men's Woven Underwear and Commercial Knitting Industry,
 Miscellaneous Apparel Industry;

Whereas, all of the aforementioned wage orders established 40 cents per hour as the minimum wage required to be paid to those employees in said industries who are subject to the Fair Labor Standards Act of 1938; and

Whereas, it appears that substantially all employees subject to the proposed wage determination for the Knitting, Knitwear, and Woven Underwear Industry are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that, consequently, said wage orders have the effect of establishing a prevailing minimum wage of not less than 40 cents per hour in the Knitting, Knitwear, and Woven Underwear Industry as defined herein;

Now, therefore, notice is hereby givento all interested parties of the opportunity to show cause, on or before July 29, 1942, why the Secretary of Labor should

not make a determination pursuant to the provisions of section 1 (b) of the Act of June 30, 1936, Pub. no. 846, 74th Congress (49-Stat. 2036; 41 U.S.C. Supp. III, sec. 35), entitled "An Act to provide conditions for the purchase of supplies and the making of contracts by the United States, and for other purposes," otherwise known as the Walsh-Healey Public Contracts Act, that the prevailing minimum wage for persons employed in the Knitting, Knitwear, and Woven Underwear Industry is 40 cents per hour or \$16.00 per week of 40 hours, provided that learners and handicapped workers may be employed in accordance with the applicable regulations under the Fair Labor Standards Act, this determination to be effective and the minimum. wage thereby established to apply to all contracts awarded by agencies of the United States on and after the date specified therein, subject to the provisions of the aforementioned Act of June 30, 1936, contemplating any of the following:

(a) The manufacturing, dyeing, or other finishing of any knitted fabric made from any yarn or mixture of yarns, and the manufacturing of knitted towels and cloths;

(b) The knitting from yarn or manufacturing from purchased knitted fabric of all knitted garments, sections of garments, or garment accessories, except gloves, mittens, hosiery, and men's and boys' suits, overcoats, topcoats, tailored uniforms and men's summer wash suits;

(c) The manufacturing of underwear from any woven fabric.

All objections, protests, or any statements in opposition to or in support of the proposed amendments should be addressed to the Administrator, Division of Fublic Contracts, Department of Labor, Washington, D. C., and should be filed with the Administrator not later than July 29, 1942. An original and four copies should be filed.

Dated: July 8, 1942.

DOUBLE AND TRIPLE LOADING OF CARLOAD SHIPMENTS IN SINGLE CARS

· NOTICE OF CONFERENCE

July 8, 1942.

Various parties have brought to the attention of the Commission the fact that no general tariff or tariffs specifying the services and charges therefor to govern the handling of two or more carload shipments in one car have been filed. Among those who have corresponded with the Commission on the matter are the Shippers' Conference of Greater New York, the Rubber Manufacturers Association, Inc., the Commerce and Industry Association of New York, Inc., the Merchants Association of New York, and St. Joseph Lead Company. The subject has been a matter of correspondence with officials of the Association of American Railroads, but the Commission has not been definitely advised of the arrangements that have been made for double and triple loading of equipment, and uncertainty exists as to the extent that such arrangements are available, the method of handling such cars, and the charges therefor. It appears that in some instances the charges assessed are not in accordance with the applicable tariffs, because the latter were designed for the handling of single cars, and it is not possible in all cases to observe the provisions of such tariffs when two or more shipments are loaded in the same car, particularly if different shippers and different con-signees are involved. It has been suggested that a national tariff should be filed covering the entire situation.

In order to develop the situation and determine what, if anything, the Commission should do in the premises, a conference will be held between Division 2 and its staff and carriers and any interested shippers, at the office of the Commission, Washington, on Friday, July 17,

appreciate the courtesy of being given advance notice of intention to attend the conference.

[File Nos. 70-326, 59-22]

NORTH AMERICAN GAS AND ELECTRIC CO., ET AL.

NOTICE OF AND ORDER TO RECONVENE HEARING AND TO CONSIDER AMENDMENT

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 7th day of July, A. D. 1942.

In the Matter of North American Gas and Electric Company, Washington Gas and Electric Company, and Southern Utah Power Company, Applicants;

North American Gas and Electric Company, Washington Gas and Electric Company, Nathan A. Smyth and Leo Loeb, Trustees of the Estate of Washington Gas and Electric Company, Southern Utah Power Company, Dominion Electric Power, Limited, Oregon Gas and Electric Company, Columbia Electric Development Company, Dominion Electric Power Company, Colonial Ice Company, Loeb & Eames, Inc., Pleasant Hill Gas Company, Respondents.

North American Gas and Electric Company, Washington Gas and Electric Company and Southern Utah Power Company having filed an application and amendments thereto, pursuant to sections 7, 10 and 11 (e) of the Public Utility Holding Company Act of 1935, concerning a plan for simplification of the capital structure of the said Washington Gas and Electric Company and the acquisition of certain utility properties by the said Washington Gas and Electric Company, which plan provided for the surrender by North American Gas and Electric Company of the common stock owned by it in said Washington Gas and Electric Company: and

The Commission having thereupon instituted a proceeding against the North American Gas and Electric Company holding company system pursuant to sections 11 (b) (1) and 11 (b) (2) of the Act; and the above matters having been more particularly described in a Notice of and Order for Hearing entered on June 6, 1941 herein, which among other things consolidated these matters for purposes of hearing; and hearings on such matters having been held on July 7, 1941 and subsequent dates, and said hearings having been continued on August 21, 1941, subject to the call of the trial examiner; and

It appearing that on September 29. 1941 said Washington Gas and Electric Company filed a Petition for Reorganization under the provisions of Chapter I of the Bankruptcy Act in the District

1942, at 10 A. M. The Commission will Court of the United States for the Southern District of New York pursuant to which Nathan A. Smyth and Leo Loeb were appointed Trustees of the Estate of the Debtor therein on October 10, 1941;

> North American Gas and Electric Company having filed on January 22, 1942 Amendment No. 15 to the aforesaid application wherein the said applicant proposes that the Commission:

- 1. Declare the common stock of Washington Gas and Electric Company to be worthless and without value whatsoever.
- 2. Order North American Gas and Electric Company to surrender said stock to the Trustees in Bankruptcy of Washington Gas and Electric Company without consideration therefor, and
- 3. Declare by order that North American Gas and Electric Company has ceased to be a holding company pursuant to the provisions of section 5 (d) of the Act.

The Commission having re-examined the corporate structure of North American Gas and Electric Company and its system, and having examined the exhibits A. B. C. D. E and F attached hereto, particularly in the light of the events above described which have occurred subsequent to the hearings held herein:

It appearing to the Commission on the basis of said examination that there is evidence tending to show that:

- 1. North American Gas and Electric Company has lost through foreclosure or surrender its principal investments which were pledged as collateral for bank loans outstanding at the time of its reorganization in 1937 pursuant to section 77B of the Bankruptcy Act (2 S. E. C., 207).
- 2. The companies whose securities are presently listed as investments in subsidiaries or other companies by North American Gas and Electric Company are engaged in business as follows:
- (a) Washington Gas and Electric Company, a registered holding company and public utility company is presently being reorganized under the provisions of Chapter X of the Bankruptcy Act in the District Court of the United States for the Southern District of New York;
- (b) Southern Utah Power Company, a public utility company, is a direct sub-sidiary of Washington Gas and Electric Company, and indirectly a subsidiary of North American Gas and Electric through the ownership of the common stock of Washington Gas and Electric Company:
- (c) Loeb & Eames, Inc., a wholly-owned subsidiary of North American Gas and Electric Company, is a firm engaged in furnishing consulting, engineering and management service;
- (d) Colonial Ice Company is engaged in the ice, fuel and cold storage business, and its total capitalization consists of 15.000 shares of common stock outstanding of which North American Gas and Electric Company owns 28.33%;
- (e) Long Bell Lumber Company is engaged in production and manufacture

of lumber and wood products and has approximately 197,683 shares of common stock outstanding, of which North American Gas and Electric Company owns .5%.

- 3. North American Gas and Electric Company is shortly about to lose its investment in Washington Gas and Electric Company by reason of pending proceeding under Chapter I of the Federal Bankruptcy Act against Washington Gas and Electric Company.
- 4. Its remaining assets are such that the continued existence of North American Gas and Electric Company as a holding company appears to be unwarranted.
- 5. The above described plan of reorganization filed pursuant to sections 7. 10, and 11 (e) of the Public Utility Holding Company Act of 1935 appears to have been rendered moot by the events happening subsequent to the hearings previously held herein, particularly with respect to Washington Gas and Electric Company.
- 6. The capital structure and the financial condition of North American Gas and Electric Company is such that it is unable to render financial assistance to its subsidiaries and cannot otherwise perform any of the functions for which it was originally organized.
- 7. The protection of investors in the North American Gas and Electric Company holding company system requires that said company be ordered to liquidate and dissolve in order to comply with section 11 (b) of the Act, and that its assets or the proceeds from the sale or other disposition thereof be distributed to the holders of securities of North American Gas and Electric Company who may be found to be entitled to participate in such distribution, pursuant to the applicable provisions of the Act.
- 8. The holders of the common stock of North American Gas and Electric Company have no equity in the assets of such company either on an asset or earnings basis and it appears inequitable for the holders of the common stock to control the management and affairs of the com-

It therefore appearing appropriate to the Commission that the hearings herein should be reconvened for the purpose of considering the above described amendment filed by North American Gas and Electric Company and the allegations as set forth above and to consider what other action may be appropriate to be ordered by the Commission under section 11 (b) of the Act in view of the changes which have occurred within the holding company system subsequent to the hearings previously held:

It is ordered, That the hearings be reconvened at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at 10:00 A. M., E. W. T., on the 3d day of August 1942, at which time said North American Gas and Electric Company shall be given an opportunity to be heard as to the proposals set forth in Amendment No. 15;

It is further ordered, That at such hearing, without limiting the issues to be considered herein, particular attention will be given to the following matters:

- 1. Whether the application for a plan of reorganization pursuant to sections 7, 10 and 11 (e) of the Act should be dismissed on the ground that such plan is
- 2. Whether, in the event that the Commission deems it appropriate to issue an order pursuant to section 5 (d) of the Act, such order should be subject to terms and conditions for protection of investors in the securities of North American Gas and Electric Company, and what terms and conditions would be appropriate under such circumstances.

3. Whether an order should be entered pursuant to section 11 (b) of the Act requiring the immediate liquidation and dissolution of said North American Gas and Electric Company.

4. Whether the book value of the assets of North American Gas and Electric Company as shown by the balance sheet of December 31, 1941 fairly reflect the liquidating values of such assets.

5. Whether the assets of North Amer-Ican Gas and Electric Company should be sold, exchanged or otherwise disposed of, and the proceeds therefrom distributed to the bondholders.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice: and

It is further ordered, That the Secretary of the Commission shall serve notice of reconvening the hearing aforesaid by mailing a copy of this order, by registered mail, to North American Gas and Electric Company, Nathan A. Smyth and Leo Loeb, Trustees of the Estate of Washington Gas and Electric Company, and all other respondents herein, not less than 15 days prior to the date hereinbefore fixed as the date of reconvening the hearing; and that notice of reconvening of said hearing is hereby given to all security holders of North American Gas and Electric Company by publication of this order in the FEDERAL REGISTER; and

It is further ordered, That North American Gas and Electric Company give notice hereof to each holder of record of income debantures and shares of common stock of North American Gas and Electric Company by mailing to each of said persons a copy of this notice at their last known place of address at least 10 days prior to the date of this hearing;

and

It is further ordered, That any person proposing to intervene in these proceedings who has not heretofore done so shall file with the Secretary of the Commission on or before the 29th day of July, 1942, his application therefor as provided by Rule XVII of the Rules of Practice: and

It is further ordered, That jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, the proceedings herein under sections 11 (b) (1) and 11 (b) (2) and the application for approval of said plan filed under sections 7, 10 and 11 (e).

By the Commission.
